1 EXAMINATION BY MR. CARLIN

2 MR. CARLIN: Q. All right. Mr. Rickard, would  
3 you please state and spell your full name.

4 A. Full name is Thomas, T-h-o-m-a-s; Lee, L-e-e;  
5 Rickard, R-i-c-k-a-r-d.

6 Q. Mr. Rickard, where do you live?

7 A. I now reside in Sebastopol, California.

8 Q. And what's your occupation?

9 A. I'm a musician, producer, writer, manager,  
10 drum clinician. That's -- that's enough.

11 Q. Okay. And how long have you been a musician,  
12 a professional musician?

13 A. Since I was 13 years old.

14 Q. And where are you from originally?

15 A. I grew up in Sebastopol, California, and Santa  
16 Rosa, California.

17 Q. Okay. And how old are you?

18 A. 46.

19 Q. And who do you live with?

20 A. I live with my girlfriend, Jennifer Tien,  
21 T-i-e-n; and my daughter, Saoirse, S-a-o-i-r-s-e, Blue,  
22 B-l-u-e, Tien-Rickard, T-i-e-n-R-i-c-k-a-r-d, who is 15  
23 months old today. And that's it.

24 Q. Congratulations.

25 A. Thank you.

1           Q. Can you give us just a brief summary of your  
2 musical career.

3           A. Yeah. I was 13; I got a drum set for my  
4 birthday from my father; a month later joined a band  
5 called the Four Time Losers. And we toured up and down  
6 California opening for larger punk acts, festivals,  
7 until I was about 18.

8           And then I joined a band called Vain, V-a-i-n,  
9 and we had some local success and ended up getting a  
10 record deal with Island Records, putting out two  
11 records with them; videos on MTV. Toured around the  
12 world doing things with Aerosmith, and Guns N' Roses,  
13 and Skidrow, and did that until 1992. Then the band  
14 kind of disbanded.

15           Then I joined a band called the Clarke Nova,  
16 C-l-a-r-k-e; two words, N-o-v-a. Toured up and down  
17 California and a little bit of the states. Kind of a  
18 punk metal band. Did a bunch of indie records.

19           Then started working with songwriter Linda  
20 Perry. She -- did some shows with her all over the  
21 states and -- mostly on the West Coast, but did some  
22 international -- or national shows as well; New York  
23 and the Midwest.

24           And ended up playing on records of hers and  
25 then songs of hers that were soon to be released by

1 Christine Aguilera. I ended up playing on a record of  
2 hers, or songs of hers. And Courtney Love, played on a  
3 record of hers.

4 Q. Did you say you played on a Christine  
5 Aguilera --

6 A. Yes.

7 Q. -- song? Okay.

8 A. And then a Courtney Love record as well.  
9 Linda Perry was writing and producing those records, so  
10 I was working with her at the time. And then some  
11 demos which turned out to be songs for Pink and Alicia  
12 Keys and artists like that. So I continued to work  
13 with her.

14 And now, Wonderbread 5, of course. I've been  
15 doing that since 1997, I think was our first show;  
16 Thanksgiving of 1997. It could have been '96. I  
17 admitted to Alex that my brain is a little fried right  
18 now. My father just passed away recently, so I have a  
19 little -- memory's a little bit of a lapse.

20 Q. Sorry to hear that.

21 A. Appreciate that.

22 And -- so, Wonderbread 5. And then also doing  
23 a lot of TV and film music, soundtracks for film with a  
24 bunch of songwriter friends of mine.

25 And most recently, in the last four or five

1     years, I've started writing and producing younger  
2     artists and kind of -- have my own publishing company,  
3     music publishing company, and we're licensing songs to  
4     film and TV, and kind of going into the management side  
5     of things.

6             And I'm also doing a -- working with some drum  
7     companies and doing drum clinics for them  
8     internationally. So I go to Europe twice a year. I've  
9     also gone to China twice in the last three years to do  
10    the same kind of thing, and all across the states.

11            Q. All right. Let's talk about Wonderbread 5.

12            A. Okay.

13            Q. Because that's what we're all here about.

14                    When did you first become involved with the  
15    Wonderbread 5?

16            A. Jeffrey Fletcher called me probably in, I  
17    would say, September of the year that we did our first  
18    gig, which was 1996 or '97, and asked me if I wanted to  
19    be in a Jackson 5 tribute band. And I was good friends  
20    with Jeff, and of course I wanted to do it just to have  
21    some fun. So that was the first conversation that I  
22    had with anybody about it.

23                    He told me that John McDill was going to be in  
24    the band as the bass player, and is still the bass  
25    player; and Stevenson Brooks, who was the keyboard

1     player at the time; and Patrick Gilles, who I knew  
2     moderately. I knew who he was but didn't know him  
3     personally. I knew his wife better than I knew him.

4             And I said, "Of course." And we booked  
5     that -- and the show was already booked. I'm pretty  
6     sure the show was already booked for Thanksgiving as  
7     just kind of a one-off fun thing to see if we enjoyed  
8     doing it and if we could do it every once in a while,  
9     or it could into something. We had no idea. We were  
10    just really doing it for fun at the time.

11            Q. Okay. Do you know who booked that first show?

12            A. Probably Jeff and Pat. They both had  
13    relationships with the Faultline, which was a San  
14    Rafael club. I know Pat's band played there often, and  
15    Jeff would go there often and knew the -- knew the  
16    owners.

17            Q. How was the name chosen?

18            A. I don't know exactly how it was chosen. I  
19    know there were two names that were thrown around. And  
20    Patrick had one name, and that was Cinco Del Blanco,  
21    which would be Spanish for "the five whites." And John  
22    McDill had said Wonderbread 5, and we all just went  
23    with Wonderbread 5.

24            I mean, we always joked, as musicians, when we  
25    would -- we would rehearse or be in the studio, if we

1     were playing something stiff, we would say, "You're so  
2     stiff. You're so white, you're kind of like Wonder  
3     Bread."

4                 So that was always kind of the running joke.  
5     So that was kind of the reason for naming the band  
6     Wonderbread 5; a bunch of Caucasian boys playing  
7     Jackson 5 songs.

8                 Q. So just for the record, Pat Gilles did not  
9     come with up the name Wonderbread 5?

10                A. Absolutely not.

11                Q. All right. And so I think you've given us the  
12     names of the five members who were there initially.

13                A. Yup.

14                Q. Did the -- did the lineup change?

15                A. It changed probably a year into it. Stevenson  
16     Brooks, he had a pretty successful career, job, going,  
17     so he was -- and he was married, I think, at the time,  
18     and I think his wife was pregnant. So he decided it  
19     was taking up too much of his time, so he just decided  
20     to bow out. And it was totally understandable, no --  
21     no hard feelings; very professional.

22                And we had our friend Christopher Adams, who  
23     we always called -- nicknamed Chip, kind of waiting in  
24     the wings. And he had already built a track for us at  
25     the time. I want to say he built us a backing track

1     for a song, "Baby Got Back," way early on before he was  
2     even in the band, I want to say.

3             So -- yeah. So right -- right when Steve  
4     left, Chip was, basically, in the band, and we were  
5     ready to go.

6             Q. All right. And approximately what year was  
7     that?

8             A. Steve probably left late '98 and then -- yeah.  
9     Chris, Chip, was in the band when we started working  
10    with Jay Siegan, and that was right around '99, I would  
11    say, or late '98, early '99.

12            Q. So the lineup from that time, from when Chip  
13    joined the band until Pat was kicked out of the band,  
14    was it the same lineup?

15            A. Absolutely.

16            Q. And so just for the record, who were the --  
17    who were the five members during that period of time?

18            A. Jeffrey Fletcher was the singer, Christopher  
19    Adams on keyboards and vocals, Pat Gilles on guitar and  
20    vocals, John McDill on base and vocals, and Tommy  
21    Rickard on drums and vocals.

22            Q. And did you consider this a partnership?

23            A. Yeah. We were just kind of like a bunch of  
24    brothers just having a great time playing a bunch of  
25    songs that we loved, and entertaining people.

1           And as the ball started growing, as the  
2 snowball -- it just kept getting bigger, and it kept  
3 snowballing further and further down the -- like, into  
4 something that could be a business. We -- we never  
5 really discussed, "We're a partnership." It was just,  
6 like, yeah, we're all a bunch of brothers and we're in  
7 this together and we're -- this is great, this is  
8 amazing. We're making money doing this.

9           It just kept -- we just -- we just kept being  
10 that. It was never, like, let's sit down and have a  
11 business meeting and discuss our partnership. There  
12 was never anything like that.

13          Q. So in terms of how the -- the income was  
14 split, let's talk about that.

15                So you -- you would perform at these gigs?

16          A. Yeah.

17          Q. And presumably the band would get paid?

18          A. Uh-huh (affirmative). Yes. Sorry.

19          Q. And so how was the money divided up amongst  
20 the band members?

21          A. Before we started working with Jay Siegan, it  
22 was divided five ways. So it was -- that was always  
23 the way, unless somebody incurred some costs. Say,  
24 Jeffrey Fletcher, our singer, he would make our  
25 posters. So if he spent \$100 on posters and we made

1     \$1,000 from the gig, we would take \$1,000 -- I mean  
2     take \$100 off the top, so there would be \$900 left, and  
3     split that five ways.

4           Q.   All right.  So in effect the costs were split  
5     five ways as well?

6           A.   Absolutely.

7           Q.   And then after Jay Siegan became your manager,  
8     it was split six ways?

9           A.   Six ways, yes.

10          Q.   And did that -- did that method continue until  
11     Mr. Gilles left the band?

12          A.   Yes.  And it continues today.

13          Q.   And it continues today.  All right.  And you  
14     have a new replacement for Mr. Gilles?

15          A.   Yes.

16          Q.   Who is that?

17          A.   That's Michael Taylor.

18          Q.   So what about -- how are decisions made for  
19     the band?  Was one person the dictator, or was it a  
20     democracy?

21          A.   It was a democracy.  And there were times --  
22     early on we were very flexible about -- we respected  
23     everybody's opinions.

24                Like, if Pat had an idea, we would -- even if  
25     we disagreed, we would still follow through with it

1 just to see whether it worked for the band. And if he  
2 was right, then we -- of course we would continue to --  
3 I'm talking about a song in this situation.

4 So -- and if it didn't work, we would kind of  
5 take a vote and say, ah, that's not really working. So  
6 it would either be voted in or -- it would be voted  
7 out, basically.

8 Q. Was Pat the -- the leader of the band?

9 A. Certainly not. Absolutely not.

10 Q. Was Pat the manager of the band?

11 A. Absolutely not. Could not be further from  
12 that.

13 Q. Were decisions made generally by consensus,  
14 then?

15 A. Yes. So if something -- if somebody came up  
16 with something, we would get together at rehearsal or  
17 at a gig, but after sound check when we have some  
18 downtime, and discuss ideas, discuss costume concepts,  
19 dance moves, silly -- just whatever the thing --  
20 whatever the person wanted to talk about, we would talk  
21 about it then; either, like I said, at rehearsal or at  
22 a gig.

23 And people were -- early on, everybody was  
24 very open to -- to trying -- like I said, trying  
25 everybody's ideas, at least giving it its just due.

1 And, like I said, if it didn't work, we would just not  
2 do it and discuss why and move on. And it wasn't --  
3 there was no hard feelings at the time. That's the way  
4 it was. You were voted out, and everybody was  
5 completely okay with that.

6 Q. And again, this procedure persisted throughout  
7 the entire time of Pat's involvement with the band?

8 A. Well, in theory, yes. It changed quite a bit.  
9 I don't know the year that it changed. It did change  
10 when Patrick started separating himself from the band  
11 mentally, emotionally and physically. And it was  
12 really hard to get anything done, to even discuss  
13 things because there was a lack of communication and a  
14 lack of even want to communicate between Patrick and  
15 the band.

16 Q. Well, we'll get into that later.

17 A. Okay.

18 Q. But presumably at that point Patrick was not  
19 acting as a band leader either, correct?

20 A. Absolutely not.

21 Q. And he was not acting as a manager of the  
22 band?

23 A. Absolutely not.

24 Q. Were there times when Patrick wanted to do  
25 something and he was overruled?

1           A. Of course. Everybody was. Yes.

2           Q. Can you tell me -- and I'm talking now about  
3 the time period between -- when Chip came into the  
4 band, so around 1998 until 2009. Well, maybe we should  
5 get that on the record.

6                   When was Pat Gilles terminated from the band?

7           A. March 9th, 2009.

8           Q. Okay. So from approximately 1998 until March  
9 of 2009 --

10          A. Uh-huh (affirmative) -- yes.

11          Q. -- what were -- what were the jobs of each  
12 band member apart from their musical job?

13          A. Ah . . .

14          Q. Did they have business- --

15          A. Yes.

16          Q. -- -related --

17          A. Yes.

18          Q. -- functions?

19          A. Everybody had -- everybody had their own  
20 duties, so to speak, in the band. Everybody had  
21 responsibility to come up with song ideas. And some  
22 people had more and better ideas than others. And so  
23 that was kind of universal, across the board, all five  
24 members.

25                   Jeff would make our posters, Jeff Fletcher,

1 and control the photos that would be uploaded to our  
2 website. And -- and Christopher Adams would build our  
3 websites and kind of maintain them. And he's the one  
4 who still maintains our website and has owned  
5 Wonderbread5.com for, God, 15 years now.

6 I was -- I was kind of the liaison between  
7 clients and the management in the band. And I also  
8 collected money from the clients to either divide it  
9 equally among the band or give it to Jay Siegan  
10 Presents and have him divvy it out to the band via  
11 check or direct deposit.

12 John McDill was in charge of backing tracks.  
13 Pat, along with songs -- like I said, everybody was  
14 part of it. He helped out with the, like, getting  
15 T-shirts printed and stickers made and temporary tatoos  
16 and stuff like that.

17 And eventually he started doing some video  
18 stuff, but that really wasn't part of the band. He  
19 never really used it for the band. It was kind of  
20 self- -- self-motivated. It was never even part of the  
21 band thing. It was supposed to be -- we never even  
22 used any of it. It was inappropriate.

23 Q. Why was it inappropriate?

24 A. The video that he made was, basically, like a  
25 Girls Gone Wild video. And it was -- it wasn't

1     working.  It was too much.

2                 I mean, we were okay with some stuff on our  
3     site, some girls jumping around on stage and their  
4     bellies showing, their boobs hanging out and stuff, but  
5     it was just -- it was over the top.  And we -- we  
6     just -- I don't even remember if it was ever posted.  
7     Actually, I think it was.  And we had it taken down  
8     pretty quickly.

9                 He may have done another video that was up  
10    there for a while.  But, I mean, this was over a span  
11    of 12 years he made a couple of videos that were posted  
12    on our site.  So -- but, yeah.  He was stickers and  
13    temporary tattoos and stuff like that, which was great.  
14    We all had our things.

15                And some -- and it would all be kind of an  
16    ebb-and-flow thing.  Sometimes John wouldn't be doing  
17    anything, but then he would make 10 backing tracks in a  
18    month.  And then the same with Chip; Chip wouldn't have  
19    to do -- Christopher Adams wouldn't have to do anything  
20    to the website, and then all of sudden he would have to  
21    build a whole new website.

22                So it wasn't like anybody thought somebody was  
23    doing more than anybody else, until later down the road  
24    some things shifted.

25                Q.  Did the band have a bank account?

1           A. Early on Jeff Fletcher would take the check.  
2     So there was no Wonderbread 5 bank account. And then  
3     Jeff would pay us individually.

4           But when we started working with Jay Siegan,  
5     the money would go to Jay Siegan, and he would pay us  
6     individually. So there was never a Wonderbread 5 bank  
7     account.

8           There was a time when Jay Siegan, myself and  
9     Pat Gilles were taking 25 percent, I think it was, out  
10    of our checks to deposit into an account. It was just  
11    saved in the Jay Siegan account. And we kept record of  
12    it ourselves and through Jay Siegan, because we had  
13    kind of just -- we were saving money. We were making  
14    money, and we wanted to save it in case we wanted to do  
15    something with it later on. That ended up not being  
16    the case, for various reasons.

17           But that was -- so there was never an official  
18    Wonderbread 5 bank account. No.

19           Q. How long did that bank account last, that you  
20    just described?

21           A. The money going into those account?

22           Q. Was that a separate account, from the --

23           A. I don't think -- I don't think it was a  
24    separate account. I think we just kept it in the  
25    account just -- and we just kept track of how much was

1 in there from each person -- from Patrick, myself and  
2 Jay.

3 Q. In other words, it went into the same account  
4 that the revenue from the clients --

5 A. Yes.

6 Q. -- was going into --

7 A. That's how I understood it.

8 Q. -- for Jay -- for Jay Siegan?

9 A. Yeah. That's how I understood it. Yes.

10 Q. And you just sort of accounted for that  
11 separately?

12 A. Yes.

13 Q. Pat has claimed that he was the only band  
14 member to have an account for the band and that he was  
15 the only signatory on that account.

16 Do you know if that's true?

17 A. I have no idea. I mean, if he opened a -- the  
18 Wonderbread5.com LLC and made it a bank account for  
19 himself, then he is. But I was unaware of that and  
20 unaware that he -- if he did, it was never used for the  
21 band, ever.

22 Q. Well, let's talk a moment about this LLC.

23 How did it first come to your attention that  
24 Mr. -- or Patrick, we'll call him, had started an LLC?

25 A. Pat always joked about using words like "I

1 want to protect myself from myself and protect myself  
2 from you motherfuckers in case you guys do something.  
3 I don't want to lose my house, so I'm going to get an  
4 LLC" or "We should all have an LLC."

5 And at the time --

6 Q. Did you understand that to mean he was  
7 concerned about liability?

8 A. I had no idea, really. I didn't really  
9 understand it at the time because I was -- I was too  
10 busy just enjoying being in a band. And I was in ten  
11 bands at the time.

12 He did -- he did describe it later on. So I  
13 did understand that it was a liability thing. And I  
14 did -- so I did get where he was coming from, but I  
15 never wanted to be part of it because by that time  
16 relationships were being strained and I didn't trust  
17 Pat's judgment. So I didn't want to be part of that.

18 So he opened an LLC basically by himself and  
19 said, "You guys owe me money for this LLC." And  
20 everybody's like, "What the fuck are you talking about?  
21 We don't want to be part of this LLC."

22 And then Pat kept the LLC and never used it.  
23 I mean, I don't know if he's used it, but he never used  
24 it for the band.

25 Q. So did any of the band revenue go into the

1     LLC?

2             A.   Never.

3             Q.   Do you know if the LLC even had a bank  
4     account?

5             A.   I have no idea.

6             Q.   Did any of the band merchandise go through the  
7     LLC?

8             A.   Absolutely not.

9             Q.   Did anyone else from the band authorize this  
10    LLC, that Pat created, to do anything at all in  
11    connection with the band?

12            A.   Absolutely not.

13            Q.   Let's talk about the composition of the band.  
14    So you've told us that there were these five members  
15    who were the members of the band from 2000 -- sorry --  
16    from 1998 through 2009.

17            A.   Uh-huh (affirmative).   Yes.   Sorry.

18            Q.   Did you occasionally require subs to play with  
19    the band?

20            A.   Definitely.

21            Q.   Okay.   Can you describe how that worked?

22            A.   Well, let's use Patrick as an example.   Pat  
23    was the first one to have children in our band, so -- I  
24    can't be sure, but I'm thinking -- I know he did have  
25    subs over time.   So he needed to get a sub.   Let's say

1 his wife was having a baby; he wanted to be there for  
2 the birth.

3 So Pat would either secure his own sub or ask  
4 one -- ask the band if we knew of a guitar player that  
5 was available to sub for him. And it went both ways.  
6 It was, like, "Can you find somebody, Pat?"

7 "No."

8 "Okay. Let's check with one our friends."

9 And it was really just -- that was it. I  
10 mean, most of the time we each individually secured our  
11 own subs. I probably took the most subbing -- I subbed  
12 out the most work because I would take chunks of time.  
13 I don't miss many individual gigs, but I would take,  
14 like, a -- three weeks off for a tour to go to Europe  
15 or something like that. But Jeff takes the least  
16 amount of time. It's hard to find a singer to cover  
17 his stuff.

18 But, again, everybody would cover their sub  
19 work individually. And we would even individually  
20 agree to pay how much the person was going to -- how  
21 much the such was going to get paid.

22 Q. I'm sorry. Did you said "individually"?

23 A. Individually we would work that out between us  
24 and the sub. Then --

25 Q. So, in other words, the person who needed the

1 sub --

2 A. Yes.

3 Q. -- would work that out with their sub?

4 A. Yes.

5 Q. All right.

6 A. That became an issue when --

7 Q. Well, let me -- before you answer that, let me  
8 just ask: How -- typically how much was the sub paid,  
9 or how was that calculated?

10 A. Probably -- well, generally we would -- early  
11 on -- well, I'll just give just a number. I mean,  
12 basically, 300 to \$400 a gig, I would say; maybe less  
13 sometimes.

14 In my case, I would offer them a chunk of  
15 money. I would just say, "I'm going to be gone for  
16 these three weeks. Do you want to make -- do these  
17 three weeks' worth of gigs for \$3,000? It's eight  
18 gigs. So you divide it however you -- however that  
19 works out with \$3,000."

20 If I make \$500 from those three weeks I'm  
21 gone, then that's fine, because I put in the work as a  
22 Wonderbread 5 member to make this what it is, to create  
23 a situation where we're able to maybe that much money  
24 and have that many gigs. So I deserve a little bit.

25 Q. So, let's say -- take an example; let's say

1 the example you just gave.

2 A. Uh-huh (affirmative). Yes.

3 Q. You're gone for, what did you say, three  
4 weeks?

5 A. Let's say three weeks. Yeah.

6 Q. And if the gigs generated, say, \$10,000 in  
7 revenue -- let's just take an example.

8 A. For me individually?

9 Q. For the whole band.

10 A. Okay.

11 Q. Let's say those gigs generated \$10,000 in  
12 revenue --

13 A. Yes.

14 Q. -- you would be entitled to 2,000 as a --

15 A. No. Divide that by six.

16 Q. I'm sorry. By -- okay.

17 A. So let's say 12-.

18 Q. Let's say -- start with 12,000. Sorry.

19 Divided by six, you would get 2,000?

20 A. Yes.

21 Q. And it was up to you as to how much of that  
22 2,000 to pay your sub?

23 A. Exactly.

24 Q. So you could -- you could only maybe pay the  
25 sub a thousand?

1           A.   I could.

2           Q.   And you would keep a thousand --

3           A.   Yes.

4           Q.   -- because that was your 20 -- or 20 -- or  
5 one-sixth share --

6           A.   Yes.

7           Q.   -- of the revenue from the band?

8           A.   Yes. But we would have to, individually, take  
9 into account everyone else's comfort level with that  
10 sub; professionalism, everything. That person couldn't  
11 be just some guy you found on the street that could  
12 kind of play drums. It's hard to find a drummer to fit  
13 into those situations, to learn 50 songs and -- and  
14 just do all that.

15                 So -- so I had to ask everybody to make sure  
16 that they were okay with my sub. And they weren't with  
17 a couple of them, so I had to -- so I constantly had to  
18 find a different sub.

19           Q.   Sure. But the process I described, like for  
20 you getting sub, that was the same for everyone else --

21           A.   Absolutely.

22           Q.   Right?

23           A.   And so was the respect and comfort level of  
24 everybody with the subs, whether it be guitar, bass or  
25 vocals.

1 Q. So were these subs considered band members?

2 A. Absolutely not.

3 Q. So over the course of the ten years or so  
4 before Mr. Gilles was kicked out, how -- how many --  
5 I'm trying to get a sense how frequently you used subs.  
6 So can you give me a sense of that, or --

7 A. Yeah.

8 Q. -- we can maybe just go by numbers --

9 A. Yeah. No, I'd --

10 Q. -- if it's helpful.

11 A. I'd say that a rough estimate, for someone  
12 like a guitar player like Patrick, when he was in the  
13 band, it will probably be three to five times a year,  
14 maybe.

15 Q. Per person?

16 A. Per person. Yeah. Me, I probably missed a  
17 little more, maybe 10 gigs per year out of the 140 that  
18 we do. Jeff, probably one -- our singer. Christopher  
19 Adams, probably three to five. John McDill, maybe  
20 seven to ten.

21 Q. So this is a very occasional --

22 A. Absolutely.

23 Q. -- thing?

24 Were these subs ever featured in any of your  
25 advertising?

1           A. Absolutely not.

2           Q. Or your marketing?

3           A. Absolutely not. Not -- not by the band. I  
4 mean, there could be, say, somebody -- say a sub was at  
5 a gig at a club and that club had a picture taken of  
6 the band, and there was a sub in the picture; they  
7 chose to use that picture in their ad, that's them  
8 using the picture, but we had no control over that.  
9 So, no, not on our end, ever.

10          Q. You've mentioned Jay Siegan a couple of times,  
11 and I don't think we've really gone into that yet.

12          A. Yes.

13          Q. Can you tell me who he is?

14          A. Yeah. Jay Siegan, he and I worked at a record  
15 store together before we started working together as a  
16 manager and band partnership. But -- and Jeff Fletcher  
17 worked at that music store as well.

18                 He approached us as wanting to be our booking  
19 agent. And we sat down and had a meeting with him.  
20 And his partner Daniel Swan, who -- they had a  
21 partnership, Jay Siegan and Daniel, to possibly work  
22 with us booking corporate gigs and so forth.

23          Q. What do you know about Jay Siegan's  
24 background? Is he a respected --

25          A. Yeah.

1 Q. -- man in the business?

2 A. He was doing -- he was kind of a promoter and  
3 booker, and he was doing well. He worked with some  
4 local bands that did fairly well. And he was a  
5 musician himself and had done some touring, so he had a  
6 reasonable understanding of the business side of  
7 things. And he was a -- he's a very charming, funny,  
8 engaging, charismatic guy and very great at selling  
9 himself and his bands.

10 So we wanted that. We wanted that person  
11 representing us. And we loved Jay immediately. I  
12 mean, I always did when I worked with him at the record  
13 store. So I was -- we were very open to -- we were  
14 very excited about the opportunity to work with someone  
15 like him.

16 Q. Do you know what other bands or performers he  
17 represents?

18 A. He had worked with, God, a bunch of swing  
19 bands when swing was huge in the city again. You'll  
20 have to forgive me because my memory is a little  
21 consumed right now.

22 I know he -- what the hell were they called.

23 Q. If you don't know, that's okay.

24 A. Yeah. I don't recall.

25 Q. We can certainly ask him.

1           A.   Yeah.   Absolutely.

2           Q.   All right.   And so roughly when was this, that  
3   he --

4           A.   I think -- I think we had a meeting with him  
5   in --

6           Q.   By the way, you have to let me finish my  
7   question --

8           A.   Okay.   Sorry.

9           Q.   -- because the court reporter can't take us  
10   both at the same time.

11          THE WITNESS:   You don't have four hands?

12          MR. CARLIN:   Q.   So the question was:   Roughly  
13   when was it that you first got in touch with Jay  
14   Siegan?

15          A.   Jay Siegan got in touch with us around 1998,  
16   '99.

17          Q.   And this is when Chip Adams was already with  
18   the band?

19          A.   Yes.   Yes.

20          Q.   All right.   And what was the deal you  
21   ultimately struck?

22          A.   Daniel Swan did not want to work with us --  
23   his partner.   So Jay Siegan did want to work with us.  
24   So we struck a one-sixth -- like, everybody -- we were  
25   all in it together, deal.

1           I think we had a couple of gigs that were  
2   standing that were cash gigs that we wanted to keep all  
3   the money from, because we had booked those already.  
4   So until those passed, like, we were just going to keep  
5   that money for those first -- those next couple of  
6   times we played this -- this club. I think that was  
7   the case. But once that was done, everything was  
8   one-sixth.

9           Q. And were all the band members in agreement to  
10   use Jay Siegan?

11          A. As I recall, absolutely. Yes.

12          Q. Pat was in agreement with that?

13          A. Yes.

14          Q. All right. And so once those preexisting gigs  
15   had been played, what was the deal with Jay Siegan?

16          A. For every gig booked, it was -- we split it  
17   six ways. That was the deal.

18          Q. And does that continue to the present day?

19          A. Absolutely does. Yes.

20          Q. And how is the money handled?

21          A. How is it now?

22          Q. How was it once you got fully working with Jay  
23   Siegan?

24          A. Generally, I would collect a check from the  
25   client, or they would send in the check in advance. It

1 would go into Jay Siegan's bank account, the Jay Siegan  
2 Presents bank account. I think it's JSP -- Jay Siegan  
3 Presents, LLC. It's a Wells Fargo account.

4 I would deposit it in there, or he would  
5 deposit it in there and then cut us checks, unless it  
6 was a cash gig, which we would -- same thing; put it in  
7 the bank account, and he would write us checks. Or  
8 there were times where we just split it six ways and I  
9 would give Jay the sixth, cash, in person, because he  
10 lived right near me. So we would meet up for coffee  
11 and then give him his cash.

12 Q. Okay. All right. Let's talk about how Pat  
13 ended up being kicked out of the band.

14 What precipitated Pat being kicked out of the  
15 band?

16 A. It was kind of a -- I mean, it wasn't "kind  
17 of." It was a long growing separation between Patrick  
18 and the rest of the band, due to many factors.

19 It started out being a disrespect to band  
20 members, and band members friends and family, by  
21 Patrick. They'd come backstage and -- to say hello to  
22 the band, and clients would want to meet the band, and  
23 Patrick would be extremely dismissive or just not even  
24 acknowledge that they were there or be just rude,  
25 flat-out rude.

1           Q. Can you give me a time frame when this  
2 started?

3           A. It started probably around 2001, I would say.  
4 A couple years into working with Jay Siegan, it started  
5 to turn. Some entitlement became apparent in  
6 Mr. Gilles, and an extreme, extreme dishonesty, which  
7 was not easy for people to deal with, because you  
8 didn't -- you didn't know whether he was telling you  
9 the truth or was -- was just doing something to  
10 manipulate a situation.

11          Q. Can you give me a couple of examples --

12          A. Well --

13          Q. -- of what you mean by "dishonesty"?

14          A. The first one is the first time he lied to me,  
15 which was in Sacramento. We played our first gig in  
16 Sacramento, a place called Harlow's. Maybe it wasn't  
17 our first gig there, but it was -- it was one of the  
18 first times in Sacramento.

19               He -- we were talking to some girls and -- he  
20 and a friend of his and I. And we all kind of went our  
21 separate ways, and everybody was expected -- we all  
22 kind of -- were all going home.

23               And I talked to him about it. And I said,  
24 "Oh, did you end up just going -- did you meet those  
25 girls again?"

1                   And he -- he said, "No, no, no, no."

2           MR. SWYERS: Can I interrupt for one moment? And  
3 forgive me, Nick; this is something --

4           MR. CARLIN: Yeah.

5           MR. SWYERS: Can we designate this portion of  
6 the -- I don't have an objection. I just want to  
7 designate this portion confidential at this juncture  
8 and possibly preserve a 403 objection to any further  
9 testimony.

10                   That being said, Mr. Rickard should be allowed  
11 to continue to testify. But I want to both designate  
12 it as confidential and preserve a 403 designation, if  
13 that's all right.

14           MR. CARLIN: Is there a protective order in this  
15 case?

16           MR. SWYERS: There is -- we can designate any  
17 portion as confidential, of any, you know, record that  
18 we so agree. If he's going to testify to some of the  
19 illicit things that have been alleged in this matter, I  
20 don't want this to be on an open record because, to be  
21 candid, it then gets into issues of liable and slander,  
22 which we just don't want to go to.

23                   And I think it's very simple, when we do a  
24 trademark trial appeal board brief, the board, I think,  
25 will understand what I think he's about to testify

1 to.

2           We're just saying that we don't want the  
3 public to see this. The board, of course, can see it.  
4 We just don't want this posted on a public website,  
5 this part of the testimony, if I think he's going where  
6 he's going.

7           MR. CARLIN: Well --

8           MR. SWYERS: That's all I'm asking.

9           MR. CARLIN: -- I'm sure -- I'm sure you're  
10 familiar with the litigation privilege. So he's  
11 entitled to say what he wants to say. If there -- if  
12 there is a protective order in this case -- and I'm  
13 fairly new to it, so I'm not sure if there is or not --  
14 then I suppose I'm willing to have this deemed subject  
15 to the protective order, if there's a confidentiality  
16 provision. Otherwise --

17          MR. SWYERS: If I may --

18          MR. CARLIN: -- if there isn't, then I would not  
19 agree to that. And -- although we could subsequently  
20 discuss that.

21          MR. SWYERS: Well, I'll put an objection, then, on  
22 the record that everything here should be designated as  
23 confidential in regard to this.

24               The typical practice is -- first of all,  
25 there's a standard protective order that is applicable

1 in all cases. And we can actually have this off the  
2 record after the deposition, if you prefer.

3 MR. CARLIN: That's fine. Look --

4 MR. SWYERS: But just, again --

5 MR. CARLIN: -- why don't we just --

6 MR. SWYERS: -- get an order --

7 MR. CARLIN: -- why don't we just agree that --

8 MR. SWYERS: -- that deals with these types of  
9 matters. I'm sorry. I'm going to make my record.  
10 Thank you.

11 The -- but, however, this is usually just an  
12 agreement by counsel that this is something that we can  
13 designate as confidential. It's not going to affect  
14 the testimony before the board; it's just going to  
15 affect whether or not anyone would be able to see this,  
16 you know, looking at the record. Because this  
17 deposition ultimately gets filed in an open forum  
18 unless we so agree that this should be redacted.  
19 That's merely what I'm trying to say.

20 MR. CARLIN: Okay. And what I was going to say  
21 is, I'll agree that we can discuss this after the  
22 deposition is over and that you will not waive your  
23 right to seek to designate portions of the deposition  
24 as confidential. How's that?

25 MR. SWYERS: Thank you so much. And -- thank you.

1 And please continue.

2 MR. CARLIN: Okay. I'll just say for the record  
3 this is relevant because it goes to the reasons for why  
4 Mr. Gilles was kicked out of the band and also, you  
5 know, potentially to his conduct, which tended to  
6 tarnish the mark.

7 Q. So you can continue.

8 A. Okay. So where I left off, I think, I just  
9 asked if he had met up with those girls later on that  
10 night, and he had -- had said, "No."

11 And then the next time we played Sacramento,  
12 the girls were there again. And they came up and said  
13 "Hey, it was go so great," whatever, "hanging out with  
14 you."

15 And I looked at him and I said, "Why did you  
16 lie to me? I'm the last person you need to lie to.  
17 You don't know if these girls work at Bebe, which is  
18 where your wife works. And you don't know if they're  
19 going to show up and your wife's going to know them or  
20 they're going to know your wife. I mean, you don't  
21 know what -- you need to be more careful, and you don't  
22 need to start lying to me."

23 And it was just kind of a red flag, and it  
24 threw me because I didn't know that he was that type of  
25 guy. I mean, we all have -- make decisions that we're

1 not always happy with. But that was just a really  
2 telling moment to me.

3 And from there, it continued. He was -- he --  
4 Jeff, our singer, would take pictures at shows. And  
5 Patrick would be so paranoid, and angrily say to Pat --  
6 "Jeff, don't you dare post any of those pictures of me  
7 on the website. It better not be a picture of me with  
8 a girl. If any of those pictures get back to my wife,  
9 I'm going to kill your whore wife and your faggot  
10 children." Those are his words.

11 Q. When was that?

12 A. That was probably 2003, '04. I mean, it all  
13 just kind of -- it was just going in that direction.

14 We went on a -- a client -- we were flown to  
15 Puerto Rico by Bank of America, and we were all allowed  
16 to bring our wives and our girlfriends or whatever.

17 We show up, and I'm there with my -- Jennifer,  
18 my partner, and she sees Pat and this woman. And I  
19 didn't know Pat had brought anybody.

20 And she says to me, "Is that Pat's wife?"

21 And I looked, and I'm, like, "No, it's not."

22 So -- and there I am, just standing there,  
23 completely uncomfortable around my new -- my partner  
24 and Bank of America clients. And they're asking me  
25 stuff like this too, "Oh, is that Patrick's wife?" And

1 I'm, like, what the fuck am I supposed to say. I go,  
2 now I have to -- "Now you're putting me in a position  
3 to lie for you. This isn't okay." And we'd have  
4 discussions about that with Patrick.

5 And he would be, "You live your life, and I  
6 live mine. Don't -- don't you involve yourself in my  
7 life."

8 Just, it was -- he was adamant about it. So  
9 that was how everything just became Patrick and the  
10 band; Patrick and the band.

11 Q. Were you concerned that his conduct was  
12 harming the good name of the band?

13 A. Of course it was. Of course I was. I mean,  
14 that is just a -- that's a black-and-white example of  
15 that. I mean, I'm standing there with the person who  
16 hired us, who flew us and our families out to Puerto  
17 Rico. I mean, that's a lot of money that they're  
18 spending on us.

19 And here I'm -- I'm put in a position where I  
20 have to lie and act sketchy around this person that I  
21 barely know. That's not okay. I mean, it's not  
22 professional, in my book.

23 Q. What other types of conduct did Pat engage in  
24 that -- you know, that concerned you?

25 A. Well, another example, we were at the Little

1 Fox Theatre. The owner of the Little Fox Theatre in  
2 Redwood City came back, was so excited to have us  
3 there. I mean, his club was just up and running. He  
4 spent a bunch of money on it. He was hoping to get it  
5 kicked off the ground and get it going in a good  
6 direction.

7 We were all sitting back there. Patrick was  
8 sitting there with his head basically in his lap, just  
9 looking down. And the guy is telling us how excited he  
10 is to have us there. And we're all thanking him, and  
11 Patrick's just not even acknowledging that he's there.

12 And the guy says "hi" to Pat, and Pat's kind  
13 of -- shrugs him off, basically, really dismissively.

14 And the guy even said, "Is everything all  
15 right?"

16 And Pat's just kind of like -- just blew him  
17 off. It was just really rude.

18 And then when Pat left, then the guy --  
19 "What's his problem?"

20 I mean, that would happen all the time.  
21 That became more and more the norm for the way Patrick  
22 conducted himself at gigs. It was --

23 Q. And what time period is this?

24 A. That was from 2005 to 2009, basically. I  
25 mean, it just -- it just continued to get worse. And

1 it was really hard for me because I was the last one  
2 who was kind of on Pat's side -- I wasn't on Pat's  
3 side; I was on the band's side. I wanted the band to  
4 stay together. So I was kind of the last string  
5 between Patrick and the band.

6 And I kept telling Pat, "You need to work this  
7 out. You need to communicate more with the band. You  
8 need to respect the band, the guys, a little bit more.  
9 I know you don't love everything about them. Nobody's  
10 asking you to. You need to put on a smile when you're  
11 hired to play these gigs. You're an entertainer. You  
12 can't fall asleep on stage; otherwise, I am going to  
13 toss a drumstick up in the air, lightly, to just show  
14 you my anger with the fact that you're disrespecting me  
15 on stage by falling asleep on stage."

16 Q. Did he do anything else to disrespect the  
17 audience --

18 A. Yes.

19 Q. -- when you were playing a gig?

20 A. Stand there with his back to the audience,  
21 like, just leaning against the wall at the club. Just  
22 like -- just like he didn't want to be there.

23 And -- and I would understand if he came to  
24 the gig and said, "My back hurt. My kid's sick and I  
25 haven't slept." But he would just do this constantly.

1     It was just constant.

2           Q.   Did he ever insult the audience?

3           A.   One time he jumped off stage, feet first, and  
4   kicked a teenager because he thought the girl was -- or  
5   he thought the guy was, like, physically molesting the  
6   girl.  And he asked for security.  The security didn't  
7   come quick enough, so there goes Pat, jumping off stage  
8   feet first.

9           That's -- and so that's the only thing I ever  
10   saw, his negative reaction to the audience.

11          Q.   Did he ever make any threats to you and the  
12   other band members?

13          A.   Other than telling Jeff he's going to kill his  
14   whore wife and his faggot children, no.  He may have  
15   made some to Chip, because he and Chip got into an  
16   argument about money.

17                Pat would leave without telling Christopher  
18   Adams, who at one time collected -- like, a six-month  
19   period, he collected money from the clients.  And he  
20   collected cash a couple of times.  And he asked Patrick  
21   to stick around, or at least let him know when he's  
22   leaving so Christopher didn't have to wander around the  
23   club trying to find Pat at 2:30 in the morning.

24                And he said, "If you continue to do this, I'm  
25   going to charge you for my time, Pat.  You need to let

1 me know if you leave." Pat did it again. Chip took  
2 \$40. And then a huge argument ensued. And that  
3 just -- it never got resolved.

4 And he -- he called us all -- he literally  
5 called every -- pointed to every one of us and called  
6 us all assholes or -- yeah, I think he actually did.  
7 It was backstage in the Red Devil Lounge -- and just  
8 walked away from us in a fury.

9 Q. And roughly when was that?

10 A. 2000- -- God. Probably 2004, maybe.

11 Q. Was there a mediation at some point?

12 A. There was a mediation. We had talked about --  
13 we had continued to try and reason with Patrick about  
14 at least communicating, at least being a part of the  
15 band when we're together.

16 He was just -- he's, like, "I'm here. I'm  
17 doing my job." Basically standing there playing  
18 guitar.

19 It's, like, "No, you're an entertainer. You  
20 need to put on a show. We're hired to do a certain  
21 thing. You're hired to wear these costumes. They  
22 asked us to wear these customs. I don't care what you  
23 think you're asked to wear. You're disrespecting the  
24 person that hired you by not doing what they asked."

25 Q. Are you saying that there were times that he

1 wouldn't wear the costumes?

2 A. That's further down the road. If you --

3 Q. Let's talk about the mediation. What was the  
4 purpose of the mediation?

5 A. To try and find a -- to try and get to a point  
6 where we could actually just communicate.

7 Q. But was it -- was it about Pat?

8 A. Bottom line, it was. But we didn't want to  
9 point the finger. We took it all on as a band problem,  
10 because we were just, like, we're a whole; let's try  
11 and fix this.

12 "We're not going to sit here and just point  
13 fingers at you, Patrick, but we do have a communication  
14 problem. What can we do to resolve this? What can we  
15 do to make you be a part of the band when you're at  
16 practice? What can we do to -- to make you be a part  
17 of the band when we're on stage? Tell us what's going  
18 on. Tell us what you need from us, and we'll tell you  
19 what we need from you."

20 Q. What were the issues with practicing?

21 A. He'd just show up. He wouldn't learn the  
22 songs that we were supposed to learn. He would learn  
23 them his own way. He wouldn't really even listen. He  
24 would just change the cords to whatever he thought  
25 sounded good, and the rest of the band would have to

1 just accommodate him because he didn't want to learn  
2 the song properly.

3 We did medleys, of course, of songs, so we --  
4 we did change songs, but we didn't really -- we didn't  
5 just purposely learn the songs wrong just because we're  
6 lazy, and that's what he would do.

7 And he would stand there with a hood over his  
8 face, basically, like -- just not even talking to  
9 anybody at practice for -- so --

10 Q. Do you mean literally or figuratively?

11 A. Well, he'd have his hood on, and he would just  
12 stand there with his hood down on his face. We  
13 literally couldn't see him. He would stand there and  
14 his face -- looking at the ground. And he would  
15 just -- until we were done, and he wouldn't say a word.

16 And practice was hard for us anyway, so we had  
17 to make the most of our time. I lived in Los Angeles  
18 for a six-year period. So I'd either come on a  
19 Thursday and we'd rehearse once a month on a Thursday  
20 night, or every couple months on a Thursday night. And  
21 that time was really precious, so we needed to make the  
22 most of it.

23 So it was really, really frustrating for  
24 someone to drive up from Los Angeles or fly up from Los  
25 Angeles and have to do deal with that. It really put a

1 strain on me emotionally, dealing with that.

2 I -- that's -- it just became harder and  
3 harder for me to put up with it. And then finally, I  
4 just couldn't deal with it, and I just said, "Well, I'm  
5 done with him, too."

6 Because those guys -- the other guys were --  
7 were really having a hard sometime. They were -- they  
8 were like, "We don't even know if we can work with Pat  
9 anymore. We don't know what to do. He's not --- he's  
10 not talking to us. He's not even part of the band."

11 Q. So what was the outcome of the mediation?

12 A. We agreed do things like respond to e-mails  
13 within 24 hours, out of respect for the person who sent  
14 it; try and be more present at practices at the time  
15 that we were together; like, make an effort.

16 I mean, it was just simple things like that.  
17 Just be there. Be -- we weren't really together that  
18 often. You have the whole rest of your life to hang  
19 out away from us. We're together two nights a week,  
20 maybe. Be there. You're paid money to do this job.

21 Q. And I'm sorry if I already asked this, but:  
22 What year was the mediation?

23 A. Probably around 2004, as well. 2004 -- yeah,  
24 I think so; 2004. I could be completely wrong about  
25 the date. I'm sorry.

1 Q. And who was the mediator?

2 A. We went to a place in Berkeley. Berkeley  
3 mediation center, I think that's literally what it's  
4 called. It's kind of a nonprofit kind of thing.

5 Q. Did you have to pay for it?

6 A. \$40 each, which was optional.

7 Q. So did that --

8 A. We all signed an agreement. I'm sorry to -- I  
9 just wanted to put that --

10 Q. Sure.

11 A. We all did -- we had an agreement written up  
12 and printed up, and we all signed it, stating that we  
13 were going to do all these things. And David has that  
14 agreement on file.

15 Q. Did Patrick comply with that agreement?

16 A. In -- you mean from -- since -- from the  
17 mediation on, did he comply?

18 Q. Yeah.

19 A. Absolutely not.

20 Q. So how --

21 A. Nothing changed.

22 Q. So how did he break -- violate that agreement?

23 A. Just -- he would rarely respond to e-mails. I  
24 mean, he would respond to e-mails, sometimes, in a  
25 timely fashion. But he would still show up at gigs and

1 be not there. He'd show up at practices not  
2 communicating. He wouldn't -- he wouldn't show up at  
3 gigs wearing what we were supposed to wear. Stuff like  
4 that.

5 Q. You indicated earlier that you were sort of  
6 the last one somewhat on Patrick's side.

7 Does that mean that the other band members  
8 were more upset with him than -- than you were?

9 A. I think he was probably -- he and I would get  
10 into arguments, but they -- he really disliked the  
11 other guys. He disrespected them in a way that he  
12 didn't disrespect me; at least I thought so. So he  
13 would communicate with me a little bit more than them.

14 So I -- and maybe I had dealt with difficult  
15 musicians more throughout my time, since I was playing  
16 with bands since I was 13. Maybe I just knew that  
17 musicians are -- especially -- well, I'm not going to  
18 generalize guitar players, but -- he'd be difficult at  
19 times, and so could drummers, so could everybody.

20 So I was --

21 Q. Watch out. I'm a guitar player.

22 A. Exactly. So I just --

23 MR. SWYERS: And for the record, I just want to  
24 put an objection and motion to strike on -- as to his  
25 testimony as to Mr. Gilles's feelings, because I'm

1     pretty confident that the witness can't testify to what  
2     was in Mr. Gilles's head.

3             THE WITNESS: I would rather not know what's in  
4     Mr. Gilles's head.

5             MR. CARLIN: So -- sorry. Can you read back his  
6     last answer before the objection.

7             (Record read.)

8             MR. CARLIN: Q. So when you say he disrespected  
9     the other musicians, what is the basis for that  
10    statement?

11            A. I mean, coming -- something as simple as they  
12    would walk into the room and they would say hello to  
13    him, and he'd just not even acknowledge they were  
14    there. It comes down to that -- that level of  
15    disrespect.

16            Q. So what -- was there a final straw that broke  
17    the camel's back?

18            A. Yeah. We were doing a show in Santa Rosa, a  
19    repeat client. I think it was a -- the Sweetheart  
20    Ball, it was called. It was a fundraiser. They asked  
21    to us wear these tuxedos, these colored kind of paisley  
22    tuxedos.

23                    And we showed up, and Pat didn't have his.  
24    And he said his wife told him he could be the white  
25    guy. And he was wearing this white suit that had

1 nothing to do with anything we were wearing. And he  
2 was really adamant about how funny he thought it was  
3 and how -- and we were just -- just blown away at the  
4 arrogance that he had for not going along with what we  
5 were hired to do.

6 And I just -- at that moment when he said  
7 that, it was like -- it was like I was just done with  
8 him. I couldn't deal with this person anymore. I  
9 could not have this person disrespecting me,  
10 disrespecting the -- my -- my working environment and  
11 the people that are paying me to be here to play music,  
12 on that level anymore.

13 I was -- I was absolutely done. I just could  
14 not even believe that he was -- he was taking on such  
15 an arrogant, entitled attitude. And it just washed  
16 over me, like, "You're done. You're done with dealing  
17 with this person." So that was it. I mean, that was  
18 the night.

19 And then we had a show in Idaho, and we went  
20 there and played. His attitude wasn't any better. And  
21 we just came back, and we're, like, "We need to find  
22 someone -- we can't deal with this person anymore.  
23 What are we going to do?"

24 And it was, like, we need to ask him to leave  
25 the band.

1           Q.   Okay.   And this was on March 10th, 2000?

2           A.   March 9th, I think it was, the day we called  
3 him and told him to leave, told him he was out.

4           Q.   Who actually called him?

5           A.   Christopher Adams.   He and I -- Patrick and I  
6 spoke that night as well.   And he begged me to let him  
7 back in the band.   Told me and Christopher that we were  
8 ruining his life and making his daughters cry.   And he  
9 apologized over and over again on the phone.   And he  
10 said he would do anything to stay in the band.

11                   And -- so, I mean, we -- that was it.   We had  
12 made our -- we had made our decision, and there was no  
13 going back.

14                   Of course I felt awful because I cared about  
15 his family.   I knew Maryanne before I knew Pat, and  
16 she's a wonderful woman, and I loved his daughters, and  
17 we grew -- we were like a little family.   But I  
18 couldn't deal with their father anymore.   So . . .

19           Q.   So what was the first gig you played after you  
20 told Pat that he was out of the band?

21           A.   We had a gig March 11th, I think it was, in  
22 San Jose.   It was a private party.   I don't know  
23 exactly who hired us.   But we had -- we had to  
24 scramble.   We had to get a -- we had to line up three  
25 different guitar players to work with us over the

1 couple of, like, weeks and months. I don't remember  
2 how long it exactly was.

3 But Clay Bell, guitar player; John Extel  
4 (phonetic), another guitar player; and Michael Taylor  
5 had all subbed with us over a couple years, like seven  
6 years. So they knew most of our set. So we had Mike  
7 play the first show, and then I think Clay may have  
8 actually played the second one, and then John Extel  
9 played another weekend.

10 And then it was kind of -- until we just  
11 calmed down and made our decision on which direction we  
12 wanted to go.

13 Q. Did -- I understand the band used something  
14 called tracks, right?

15 A. Backing tracks? Yes.

16 Q. Backing tracks. Can you explain what those  
17 are?

18 A. Yeah. They're like -- so you have -- so, for  
19 me, we have a track player; let's say it's an iPod.  
20 And you have one line -- you have a stereo line going  
21 out of the iPod, and you have one line going to the  
22 house; you have one line going to me. And I'll have a  
23 click track to keep me playing along with the track.

24 And then to the house, they'll have some  
25 backgrounds, like background vocals, some horns, some

1 signature sounds that are important to these songs. So  
2 we would just have those on the backing track. So we  
3 did -- so we played the backing tracks.

4 Q. So it's a -- it's like prerecorded music --

5 A. Yes.

6 Q. -- that you play along with --

7 A. Yes.

8 Q. -- on gigs?

9 A. Yes.

10 Q. And did Pat -- and these back tracks are  
11 tracks created by the band --

12 A. By the band. Yes.

13 Q. -- is that right?

14 Did Pat play on any of those backing tracks?

15 A. Not that I'm aware of. He may have sang some  
16 background vocals, but I doubt he even did that.

17 John McDill was making the backing tracks at  
18 the time, and their schedules seemed to conflict. So  
19 if we needed guitar, he would either play guitar, John  
20 McDill. Or Michael Taylor may have played on one  
21 track, because he and John were really close friends  
22 and they were always writing songs together, so they  
23 were -- it was convenient.

24 Q. So after Pat was kicked out of the band, did  
25 he still try to get back in?

1           A.   No.

2           Q.   Did he --

3           A.   Other than the conversation I had with him on  
4 the phone where he was begging me to change my mind.

5           Q.   Okay. Did he ever tell you or any -- well,  
6 let me start with you.

7                   Did he ever tell you, after you kicked him out  
8 of the band, that you weren't allowed to use the name  
9 Wonderbread 5 anymore?

10          A.   No.

11          Q.   Did he ever tell you that you didn't have his  
12 permission to use the name Wonderbread 5?

13          A.   No.

14          Q.   Did he ever -- to your knowledge, did he ever  
15 tell anyone else in the band they didn't have the right  
16 to use the name Wonderbread 5?

17          A.   Absolutely not.

18          Q.   Did he ever send, to your knowledge, a  
19 cease-and-desist letter to the band telling the band  
20 that they didn't have the right to use the name  
21 Wonderbread 5?

22          A.   Absolutely not.

23          Q.   To your knowledge, was he aware that you  
24 continued to use the name Wonderbread 5 for the last  
25 four years since he was kicked out?

1           A. Absolutely.

2           Q. Do you have any reason to believe that he felt  
3 you didn't have the right to use the name the  
4 Wonderbread 5 over the past four years?

5           A. No.

6           Q. Are you aware that he -- well, did you become  
7 aware, at some point, that he filed a trademark  
8 registration for the name Wonderbread 5?

9           A. I became aware of that, I think, late April of  
10 2009. And I found out that he -- because he put up a  
11 website and he had the trademark piece of paper, like a  
12 picture of it on his website, saying that he was the  
13 real Wonderbread 5. And it was -- and you could look  
14 it up and you could see that he purchased the trademark  
15 the day after we fired him. So that's when I became  
16 aware of it. Yes.

17          Q. Did he ever inform you that he was filing a  
18 trademark registration for the name Wonderbread 5?

19          A. No.

20          Q. Did he ever indicate to you, at any time prior  
21 to him being kicked out of the band, that he had any  
22 intention of filing a trademark registration in the  
23 name Wonderbread 5?

24          A. No.

25          MR. CARLIN: We've been going a little over an

1 hour. Why don't we take a short break, about five  
2 minutes. Is that okay, Matthew?

3 MR. SWYERS: Yeah. That's quite all right. And  
4 also, just so the court reporter knows -- I didn't  
5 mention it because I didn't want to interrupt -- are we  
6 off the record now?

7 MR. CARLIN: We can be, if you want --

8 MR. SWYERS: Off the record.

9 MR. CARLIN: All right. Let's go off the record.

10 (Discussion off the record.)

11 MR. CARLIN: Let's go back on the record.

12 Q. Okay. Mr. Rickard, we're back on the record.  
13 And I would like to talk now about the post Pat Gilles  
14 period in the band.

15 A. Okay.

16 Q. Is Wonderbread 5 still performing as a band?

17 A. Absolutely.

18 Q. And who are the current members of  
19 Wonderbread 5?

20 A. Jeffrey Fletcher, John McDill, Christopher  
21 Adams, Michael Taylor, and Tommy Rickard, myself.

22 Q. So Michael Taylor is, essentially, replacing  
23 Pat Gilles?

24 A. Yes.

25 Q. You guys sort of play Jackson 5 characters, or

1 do you still do that?

2 A. No. We just -- we're just kind of an  
3 over-the-top kind of Vegas act. We've evolved over  
4 time. And we just -- I mean, we do everything from one  
5 set -- we'll do the Blue Man Group for one set, and  
6 then we'll -- or we're Kiss for another set. Or we're  
7 just over-the-top rock -- '80s rock outfits, like  
8 hairband stuff, whatever. It's always changing.

9 Q. So Michael Taylor, though, he's replaced Pat  
10 in terms of his musical function as a guitarist and a  
11 singer --

12 A. Yes.

13 Q. -- is that right?

14 A. Yes.

15 Q. And when did he become a permanent member?

16 A. Probably around June or July of 2009 after we  
17 let Patrick go. Like I said earlier, we had a kind of  
18 revolving door of three different guitar players that  
19 were playing with us for a while, tried to decide on  
20 what direction we wanted to go, whether we wanted one  
21 of these guys.

22 I had some friends in L.A. that were  
23 interested in the gigs so -- that were calling me  
24 telling me they would come up and relocate. So we were  
25 kind of weighing our options. And Michael was one of

1 our closer friends, so we decided to go with that.

2 Q. So once Michael became a, I guess,  
3 full-fledged member of the band, did he participate in  
4 the -- in the equal division of the money --

5 A. Yes.

6 Q. -- along with the other band members?

7 A. Yes.

8 Q. And so that continues to the present day?

9 A. Yes.

10 Q. And from March of 2009 to the present,  
11 approximately how many gigs a year does Wonderbread  
12 play?

13 A. 140 to 150.

14 Q. And where do you play?

15 A. Everywhere from Florida, North Carolina to New  
16 York to Texas to Carmel to Santa Rosa, Sacramento. I  
17 mean, we were all over the states, basically. And  
18 Mexico, Bermuda. We haven't gone to Bermuda in the  
19 last few years. We went -- all over the place, really,  
20 wherever they'll take us.

21 Q. And what kind of marketing do you do?

22 A. We -- Jay Siegan does a lot of outreach via  
23 his -- his Jay Siegan Presents, his booking agency.  
24 We -- really it's mainly word of mouth. People that  
25 come to our shows, people that see us at a wedding,

1 people that see us at a club. They come up to us and  
2 just say, "We love your band. Do you have a card? Do  
3 you have a website? How can we hire you?"

4 And it really just goes like that. I mean,  
5 we're really -- we don't really market the band. We  
6 don't spend money on marketing the band other than the  
7 website.

8 Q. Does Jay Siegan have you listed on his  
9 website --

10 A. Yes.

11 Q. -- as one of his bands that he manages --

12 A. Yes.

13 Q. -- and promotes?

14 A. Yes.

15 Q. So if somebody's looking for a dance band,  
16 they can go to the -- and they know about Jay Siegan,  
17 they can go to his website and -- and find you that  
18 way?

19 A. Yes.

20 Q. What other -- what other Web-based marketing  
21 do you have?

22 A. We -- we're really active on Facebook and  
23 Instagram and Twitter. And we have a person who kind  
24 of maintains that for us. We pay a monthly fee to  
25 Marcus Daniels to take care of that stuff for us. And

1 Jeff Fletcher is also still involved in that side of  
2 things. That's one of his duties as a band member.

3 Q. Does Chip Adams still maintain your website?

4 A. He maintains the website and he does the HTML  
5 stuff, the back-end stuff that needs to be changed. He  
6 still deals with that.

7 Q. So you have your own website and you use  
8 Facebook?

9 A. We do.

10 Q. Do you have Myspace?

11 A. We do, but we don't really use it so much  
12 anymore. It's kind of faded. It may come back. If it  
13 does, we'll be right back there on it.

14 Q. And in all these marketing materials that you  
15 used since 2009, does Patrick Gilles appear in any of  
16 them?

17 A. Zero.

18 Q. Does his image appear in any of them?

19 A. No.

20 Q. Does his name appear in any of them?

21 A. No.

22 Q. Now, we have produced -- or you have produced  
23 in the course of this litigation printouts of screen  
24 shots from various of these websites. And we've  
25 provided them to Mr. Swyers yesterday, indicating we

1     were going to use them in today's deposition.

2                 So I would like to ask you to authenticate  
3     these records. And first will be -- we'll call it  
4     Exhibit A. And this will be document numbers -- and  
5     I'm referring to the Bates stamp numbers -- WB -42  
6     through -55.

7                 (Petitioner's Exhibit A marked for  
8                 identification.)

9             MR. CARLIN: Q. And can you tell me --

10            MR. SWYERS: Thank you.

11            MR. CARLIN: Q. Can you tell me what these are?

12                 Did you get that, Matthew?

13            MR. SWYERS: I did. Your office was kind enough  
14     to provide them. And thank you for listing them by  
15     Bates stamp. I will be quiet now.

16            MR. CARLIN: Okay.

17            THE WITNESS: (Witness reviews documents.) These  
18     are screen shots from our website, Wonderbread5.com,  
19     which Christopher Adams has owned since 1998, '99.  
20     Yeah. It's our song list, it's our bio, it's our  
21     client list. Yeah. Just screen shots from our  
22     website.

23            MR. CARLIN: Q. And what time period do these  
24     cover?

25            A. This -- what is this? It looks like this

1 year, April of 2013.

2 Q. All right.

3 A. Yeah. These are just gigs from April. April  
4 12th; I have 24th, April 26th. Just listing some of  
5 our gigs that we had coming up that month.

6 Q. Okay. Do you have any reason to believe that  
7 Pat Gilles is not aware of the existence of this  
8 website?

9 A. Do I have any reason to believe he's not aware  
10 of it?

11 Q. Right.

12 A. No.

13 Q. As far as you know, he is aware of the  
14 website?

15 A. He was a part of this website before he was  
16 kicked out of the band, so he should definitely be  
17 aware of it. We haven't taken it down, so . . .

18 Q. And at the time he was kicked out of the band,  
19 did he -- did he ask you to stop using the name  
20 Wonderbread 5 on the your website?

21 A. No.

22 Q. Did he ask you to stop using the domain name  
23 website?

24 A. No.

25 MR. CARLIN: Okay. Let's take a look at

1 Exhibit B.

2 (Petitioner's Exhibit B marked for  
3 identification.)

4 MR. CARLIN: This is documents WB -56 through  
5 -163.

6 Q. Can you tell me what these are?

7 A. Yeah. The top page, 56, looks like an  
8 invitation, like a Facebook invite to a show we had  
9 coming up on April 12th. It was a diabetes fundraiser.  
10 And as you go through these, they look -- they're just  
11 screen shots of our Facebook page. Yeah. This is our  
12 Facebook page that Jeff Fletcher and -- and Marcus  
13 maintained; mostly Jeffrey Fletcher.  
14 Yeah. These are all screen shots of our Facebook page  
15 from April of 2013.

16 As I skip ahead, there's just comments upon  
17 comments and images of fans and people who attend our  
18 events.

19 Q. Do any of these go back to 2009?

20 A. Oh, I see. So there are comments, yes, from  
21 us playing the Last Day Saloon in 2009. So, yeah.  
22 This is going from 2009 to 2013. And there are  
23 pictures of us playing an A's event in 2009, in July of  
24 2009. That particular show actually had Clay Bell at  
25 it. So that's right around the time that we committed

1 to Mike; right around July, then. Yeah.

2 Q. And do any of these portray --

3 A. There's October 2009, on Page 151, with the  
4 Power House Pub, and there's Michael Taylor, there's  
5 John McDill (indicating).

6 I can keep going through these. Here's us at  
7 the Mystic Theatre in April of 2010 dressed up as  
8 robots. There's John McDill. There's Jeffrey  
9 Fletcher. You can't tell, but that's them. There's me  
10 dressed as a robot back there playing the drums.  
11 There's -- yeah.

12 That's on the way to the airport, 2010, going  
13 to Arizona to wear these robot costumes. So, yeah.

14 Windsor Town Green in 2010. There's Jeff.  
15 There's Mike. There's John.

16 Q. So in all these -- these Facebook pages, which  
17 appear to be from 2009 to the present --

18 A. Yup.

19 Q. -- is Pat Gilles listed anywhere?

20 A. No.

21 Q. Or portrayed anywhere?

22 A. No. Here's us singing the national anthem  
23 February 16th at a Warriors game. There's John,  
24 there's Michael, there's Jeff, there's myself, there's  
25 Christopher Adams. There's us in the shower

1 rehearsing.

2 There's us at the Mystic Theatre, 2011.

3 There's Michael, there's Jeff, there's John, there's  
4 Chip, there's myself.

5 Q. Okay. I think we've --

6 A. Okay.

7 Q. We have got enough from this one.

8 A. You don't want me to look through all 200  
9 pages?

10 Q. No.

11 Next one, this will be Exhibit C. And it's  
12 Document WB -164 through -171.

13 (Petitioner's Exhibit C marked for  
14 identification.)

15 THE WITNESS: This is from May of 2010. This is  
16 the Wonderbread 5 blog that we had on Myspace that we  
17 would promote shows on. And we would literally just  
18 list our shows on it. And this is 2009 as well.

19 MR. CARLIN: Q. Okay. And these are all listing  
20 shows under the name Wonderbread 5, right?

21 A. Wonderbread5.com. Or -- yeah. Wonderbread 5  
22 Sorry. Not Wonderbread 5.com.

23 Mystic Theatre on December 10th. Yeah.

24 Q. Did Pat Gilles ever once tell you to stop  
25 using the name Wonderbread 5 in connection with your

1 Facebook page?

2 A. No.

3 Q. Did he ever once tell you stop using the  
4 Wonderbread 5 name in connection with the blog, the  
5 Myspace blog?

6 A. No.

7 Q. And to your knowledge, did he ever tell anyone  
8 else in the band --

9 A. No.

10 Q. -- to do that?

11 A. No.

12 (Petitioner's Exhibit D marked for  
13 identification.)

14 MR. CARLIN: Q. Let me show you Exhibit D. This  
15 is document WB -172 through -175. And tell me what  
16 this is.

17 A. This is our Myspace page, the Wonderbread 5  
18 Myspace page. Yeah. Is that just -- and we would  
19 just --

20 Q. What time period does that cover?

21 A. This is -- where is the date on this. It  
22 doesn't even have -- does it have a date anywhere on  
23 this page? The last -- well, it's probably -- it looks  
24 like this -- this screen shot is 2013. That's -- oh,  
25 that's the last login, so that must be it. Yes.

1           Q.   Okay.  Is Pat -- is Pat Gilles listed anywhere  
2   in that?

3           A.   No.  There is an image up here in the left  
4   corner with Michael, John, Jeff, Chip and myself.  
5   There's -- just more events that were being advertised  
6   on Myspace.  There's some photos.  Yeah.  That's it.

7           Q.   So, again, did Pat Gilles ever tell you to  
8   stop using the name Wonderbread 5 in connection with  
9   this Myspace page?

10          A.   No.

11          Q.   And to your knowledge, did he ever tell anyone  
12   else in the band that?

13          A.   No.

14               (Petitioner's Exhibit E marked for  
15               identification.)

16          MR. CARLIN:  Q.  All right.  Let's take a look at  
17   Exhibit E, and that is WB -176 through -291.

18          A.   Great.

19          Q.   If you could identify that for us, please.

20          A.   This is our Wonderbread 5 Twitter account at  
21   Wonderbread 5.  Jeffrey handles this.  Yeah.  This  
22   is -- yeah.  He just -- making comments to people who  
23   interact with him on Twitter and advertising shows,  
24   promoting events that we're playing.

25               And it goes back -- this is 2012.  This goes

1 back to -- yeah. This is 2012 here. So -- 2011.

2 Yeah. 2010. It goes back to -- yeah. 2009. I

3 didn't -- yeah.

4 Yeah. So 2009 through now. This is our  
5 Twitter page that Jeff maintains -- Jeffrey Fletcher.

6 Q. And is Pat Gilles portrayed in any of those  
7 Twitter --

8 A. No.

9 Q. -- feeds?

10 A. No.

11 Q. Did he ever tell you -- did Pat Gilles ever  
12 tell you guys to stop using the name Wonderbread 5 in  
13 this Twitter feed?

14 A. No.

15 Q. Or that you didn't have permission to use the  
16 name Wonderbread 5 in connection with Twitter?

17 A. No.

18 MR. CARLIN: Let's take a look at Exhibit F. This  
19 will be the final one here. This is WB -292 through  
20 -299.

21 (Petitioner's Exhibit F marked for  
22 identification.)

23 MR. CARLIN: Q. Could you identify that for us,  
24 please.

25 A. These are screen shots from our YouTube page.

1     There's Wonderbread 5, the summer concert series, at  
2     Martis Camp up near Truckee. That's the first picture  
3     up there. There's Mike, there's Jeffrey, there's John.  
4     There's just clips of us from recent shows. Us playing  
5     a Rush medley that we came up with on New Year's Eve  
6     from last year.

7             There's a picture of -- a video of Wonderbread  
8     5 in the studio with the drummer from No Doubt, who was  
9     working on a song at a studio we were at. And this is  
10    from 2011. Same thing; just images, videos of us  
11    playing various events. Here's -- here's Mike, here's  
12    Chip, there's John, there's Jeff, myself.

13            There's a video of -- a poster driving down  
14    the highway of Wonderbread 5 playing River Rock Casino  
15    on New Year's Eve in 2010. Same guys: Mike, myself,  
16    Jeff, Chip, John; all the same guys. In every one of  
17    these photos, every one of these shots.

18            Q. Is Patrick in any of these pictures?

19            A. No.

20            Q. Did he ever ask you to stop using the name  
21    Wonderbread 5 in connection with your YouTube account?

22            A. No.

23            Q. Did he ever tell you you didn't have  
24    permission to use the name Wonderbread 5 in connection  
25    with YouTube?

1           A.   No.

2           Q.   Did he ever, since he left the band, attempt  
3   to control the quality of your product as the  
4   Wonderbread 5?

5           A.   He made a comment one time on his Myspace  
6   page, the Wonderbread 5 Myspace page, said --  
7   encouraged someone to go to our show and unplug our  
8   iPod because we didn't -- we weren't playing our  
9   instruments. He was hinting at that.

10                  So that would be the only thing that he  
11   ever -- that he ever said, that I'm aware of.

12           Q.   Did he ever actually send the band any kind of  
13   direction -- you should be doing this or you should be  
14   doing that -- in order to maintain the quality  
15   control -- or his quality control over what you were  
16   doing?

17           A.   No. Absolutely not.

18           Q.   Did he ever indicate to you that you were only  
19   using the name Wonderbread 5 with his permission?

20           A.   No.

21           Q.   Did he ever indicate to you that he maintained  
22   ultimate control over the use of the name Wonderbread 5  
23   as you guys were using it in connection with your band?

24           A.   No.

25           Q.   Did he ever -- back when he was still with the

1 band, did he ever indicate that he thought the rest of  
2 you, other than him, were independent contractors  
3 working for him?

4 A. No.

5 MR. CARLIN: All right. I have one more exhibit.  
6 It's the mediation agreement that Mr. Rickard testified  
7 to a little earlier. The copy I have doesn't have a  
8 Bates stamp number on it, but I understand it was  
9 produced in connection with our request for admission  
10 responses, Matthew. I assume you have that.

11 MR. SWYERS: I do not. I will object to it on the  
12 grounds that I do not believe it was produced in  
13 discovery, you know, subject to the same, and move to  
14 strike on the same. But as we're all here, I  
15 understand you'll speak to the witness. I don't think  
16 I've ever actually seen that agreement. But if there  
17 is a record that shows that you produced it, you'll  
18 tell me. And if not, I'll move to strike all testimony  
19 about it because it wasn't produced in discovery,  
20 subject to.

21 MR. CARLIN: Okay. We'll identify it and mark it  
22 subject to your motion to strike.

23 (Petitioner's Exhibit G marked for  
24 identification.)

25 MR. CARLIN: Q. So, Mr. Rickard, can you identify

1     this document, please.

2             A.   Yes.   This was the mediation agreement that we  
3     all signed.

4             MR. CARLIN:   And by the way, we're going to  
5     mark it for the record as Exhibit -- F?

6             THE COURT REPORTER:   I think it's -- is it G?

7             MR. CARLIN:   That'll be Exhibit G.

8     Q.   Is this the mediation agreement that you were  
9     mentioning earlier?

10            A.   Yes.

11            MR. CARLIN:   Okay.   All right.   That's all the  
12   questions I have for now.   I'll reserve some redirect  
13   if necessary.

14            Mr. Swyers, do you --

15            MR. SWYERS:   Mr. Rickard, do you need another  
16   break before we get going?

17            THE WITNESS:   No.

18            MR. SWYERS:   Nope; you okay?

19            THE WITNESS:   Absolutely.

20                         EXAMINATION BY MR. SWYERS

21            MR. SWYERS:   Again, my name is Matthew Swyers, and  
22   I represent Mr. Gilles in this matter.

23   A couple clean-up items I would just like to discuss  
24   with you.

25            Q.   You're aware that Mr. Gilles is represented by

1 counsel, correct?

2 A. Yes.

3 Q. You're also represented by counsel in this  
4 regard, correct?

5 A. Yes.

6 Q. For the last 10 or 15 minutes, you've  
7 testified that you have, across many mediums, never  
8 received a cease-and-desist letter or other notice to  
9 stop using the name Wonderbread 5, correct?

10 A. Not in those words.

11 Q. You have not received any type of notice from  
12 Mr. Gilles, or otherwise, that he was contending that  
13 you all should stop using the name Wonderbread 5?

14 A. Not in those words.

15 Q. Not in those words. Have you received any  
16 notice whatsoever that he was claiming rights in this,  
17 and that you all should not be using Wonderbread 5?

18 A. I received a -- I was served a --

19 MR. CARLIN: Well, I'll object that it's a -- a  
20 compound question.

21 MR. SWYERS: Very well.

22 Q. Have you -- compound question.

23 Have you ever received notice that Mr. Gilles  
24 is objecting to you all's use of the mark?

25 A. Not that he was objecting; that he was owed

1 money. That's what I -- that was my understanding.

2 Q. Okay. And I'll go back more specifically,  
3 because I have dates.

4 On or about March 29th, 2012, did you receive  
5 any notice, or thereafter, that he had sent a  
6 cease-and-desist letter to your law firm, who  
7 represents you currently today, demanding that you  
8 cease use of this trademark?

9 A. I was unaware of that.

10 Q. Okay. How about again on -- around April 9th,  
11 2012, any notice whatsoever?

12 A. Nope.

13 Q. Would it surprise you to know that there were  
14 ongoing conversations between counsel for this office  
15 and your law firm that you were not made advised of,  
16 as you testified you didn't know anything about this?

17 MR. CARLIN: Objection. Compound.

18 THE WITNESS: Yeah. Repeat. I don't understand  
19 that question.

20 MR. SWYERS: Okay.

21 MR. CARLIN: And I'll object to the extent it  
22 calls --

23 MR. SWYERS: I --

24 MR. CARLIN: I'll object to the extent it calls  
25 for privileged communications.

1           MR. SWYERS: Notice doesn't call for privileged  
2     communications. Thank you.

3           Q. Did -- on or about May 15th, 2012, did you  
4     receive any notice from your law firm that we had again  
5     submitted another cease-and-desist letter --

6           A. No.

7           Q. -- to Wonderbread 5?

8           A. No.

9           Q. I'm sorry; your answer? "No"?

10          A. "No."

11          Q. Now, you testified earlier also that there are  
12     zero marketing materials that have Mr. Gilles appearing  
13     on them.

14                 Are you aware, anytime around the May 15th,  
15     2012 time frame, as to whether any changes were made to  
16     websites, marketing materials or otherwise, to remove  
17     his likeness from those materials?

18          A. I'm unaware.

19          Q. Okay. So you wouldn't know one way or the  
20     other, correct?

21          A. You're not really asking a question.  
22     You're -- you're -- so if you're asking me if there was  
23     something on Facebook that somebody posted, like a  
24     picture of Pat Gilles? That's a possibility. But once  
25     it was up there, we would immediately take it down.

1           Q. I'm not asking on Facebook, but I'll get into  
2 more specifics of what I'm asking.

3           But you are saying you're not aware of whether  
4 or not you all removed things, one way or the other?

5           A. No. I am aware of certain things. When we  
6 settled with Patrick Gilles, whenever that was, three  
7 years ago, two years ago, a year -- two years ago, I  
8 guess it was, we had a time frame when we were asked  
9 to -- we were going to take Patrick out of our video.  
10 And we complied by that.

11           And he -- other than that, he's been  
12 completely taken off our -- anything to do with  
13 Wonderbread 5.

14           Q. And he doesn't exist on any of the marketing  
15 today, as we sit here today?

16           A. Not that I'm aware.

17           Q. Did you all play a show on September 20th at  
18 George's?

19           A. September 20th of -- like, last week?

20           Q. Yes.

21           A. Yes, we did.

22           Q. All right. And was that show promoted?

23           A. By George's, yes.

24           Q. Okay. Now, who controls the marketing of your  
25 shows?

1           A.   If we're playing a club --

2           Q.   Does Wonderbread 5 control it?

3           A.   If we're playing a club, the club controls the  
4 marketing of that show.

5           Q.   Okay.  So they are allowed to market whatever  
6 way they want, so long as they pack the house?

7           A.   Is a club allowed to market in whatever way  
8 they want in order to pack the house?  Is that what  
9 you're asking?

10          Q.   Correct.

11          A.   I would say no.

12          Q.   Would you -- would you object to the way that  
13 they market if you found out it was violating  
14 intellectual property laws?

15          A.   If I found out that they were using Patrick  
16 Gilles's image in an advertisement -- in an ad, I would  
17 ask them to not use that, of course.

18          Q.   Have you ever done so?

19          A.   Of course we have.

20          Q.   Okay.  Did you do so six days ago for  
21 George's?

22          A.   I was unaware of their advertising.  In fact,  
23 I went down to their club, and there were no posters  
24 for the show.  So I have no idea if they even  
25 advertised the show or not.  So, no.

1           Q.   If they advertised it on their website and  
2   there was a picture of Mr. Gilles in Wonderbread 5,  
3   would that be an accurate depiction of today's lineup  
4   for Wonderbread 5?

5           A.   No.

6           Q.   Do you have the permission to use Mr. Gilles's  
7   image in the promotion of Wonderbread 5?

8           A.   We do not.   Does George's?

9           Q.   Correct?

10          A.   You asked if I did, and I said no.   But if you  
11   ask if George's does --

12          Q.   But it's your band that was being promoted, is  
13   it not?

14          A.   They're promoting a show at their club.

15          Q.   Okay.   But -- so you don't control the  
16   advertising of your band?   The band doesn't control  
17   their own advertising?

18          MR. CARLIN:   Objection.   Argumentative and  
19   misrepresents his prior testimony.

20          MR. SWYERS:   Q.   Does the band control its own  
21   advertising?

22          A.   We control what we can control, which is our  
23   website, our Facebook page, our Twitter page, our  
24   Instagram, and our Myspace page.

25                 We sent clubs --

1 Q. Do you allow others --

2 A. Let me finish.

3 Q. -- to advertise in other contexts?

4 A. Can I finish?

5 MR. CARLIN: Let him finish his answer.

6 MR. SWYERS: Q. Of course.

7 A. We send clubs flyers. We ask them to use  
8 those flyers. George's, if you have your facts  
9 straight, they've just gone through a new ownership  
10 change, so they probably had no -- no aware- -- they  
11 weren't aware of the new posters or anything like that.  
12 So they're using what they found on file.

13 If I knew that they had a picture of Pat  
14 Gilles on their website, I would have had that taken  
15 down.

16 Q. Sitting here today, you don't know one way or  
17 another as to whether or not they actually had a  
18 picture of Pat Gilles on the website, correct?

19 A. I have no idea.

20 Q. You don't have any written agreement with  
21 Mr. Gilles to continue to use his image or likeness, do  
22 you?

23 A. No.

24 Q. Do you have any written agreement with  
25 Mr. Gilles to continue to use any other intellectual

1 property he may have rights to?

2 A. No.

3 Q. We know that money changed hands as a result  
4 of a lawsuit in San Francisco a few years back.

5 Aside from the money changing hands from that  
6 lawsuit, have you or Wonderbread 5 paid Mr. Gilles  
7 anything since he was not allowed to perform with the  
8 band in 2009?

9 A. Since we kicked him out of the band, no.

10 Q. You haven't paid him for the use of his  
11 likeness or other intellectual property; is that  
12 correct?

13 A. We aren't using his likeness. And there is  
14 nothing to pay him for. So, no.

15 Q. So you have not paid him, correct?

16 A. Correct.

17 Q. I would like to direct your attention to the  
18 actual website Wonderbread5.com. Forgive me; who did  
19 you testify maintains that website?

20 A. Christopher Adams.

21 Q. Okay. Do you have anything to do with that  
22 website whatsoever?

23 A. Yes.

24 Q. And, forgive me. Any administrative  
25 functions?

1           A.   No.

2           Q.   Okay.  Christopher Adams would be the person  
3 who would post videos, remove videos, something to that  
4 effect; is that correct?

5           A.   Yes.

6           Q.   Okay.  Are you generally aware of the content  
7 on that video -- excuse me -- on that website?

8           A.   I'm relatively aware.  I don't check it on a  
9 weekly basis.  I probably check it monthly, unless  
10 I'm -- probably monthly.  Yes.

11          Q.   Okay.  And so, as we're looking at the  
12 website, there is a section known as "Videos"; is that  
13 correct?

14          A.   Correct.

15          Q.   And in those videos -- well, describe to me  
16 what those videos are that are posted to the website.

17          A.   I'm not looking at it right now.  I don't know  
18 what's on there.

19          Q.   Well, you're generally familiar with them?  
20 You've seen it in the past?

21          A.   Okay.  There's a video of -- there is a white  
22 room video on there.

23          Q.   Okay.

24          A.   There's a video of us at Martis Camp.  There  
25 is probably a video of us doing "Thriller" with a bunch

1 of -- kind of Michael Jackson tribute thing. And  
2 there's probably a video of us doing a dance routine.  
3 That's what I can recall being on there. None of those  
4 have Patrick Gilles in them.

5 Q. What's the purpose of the website?

6 A. For prospective clients, or so-called fans, to  
7 gather information to keep up on the band, to see about  
8 hiring the band.

9 Q. How does it work in reference to the  
10 prospective clients? What's the point?

11 A. If a client sees the band, they go to the  
12 website, they like the video, or they like -- they want  
13 to know how to contact us. They either -- there's an  
14 e-mail link there. They hit that, and it e-mails Jay  
15 Siegan or it e-mails the band. Or you can call Jay  
16 Siegan. The number's right on the front page.

17 Q. So would you agree with me that it's a method  
18 to promote the band, and so what prospective clients  
19 see on the website is what they would get should they  
20 hire Wonderbread 5?

21 A. No.

22 Q. Are you familiar whether or not there is a  
23 video for "Brick House"?

24 A. I'm not familiar with that. It's on the  
25 website now, you're saying?.

1           Q. Are you -- yes. Are you familiar if there's  
2 ever been a video for "Brick House"?

3           A. There probably was years ago. Yeah.

4           Q. Okay. Are you familiar -- well, I guess I'll  
5 limit my questions to what your knowledge is. I'm  
6 sorry.

7                   So you don't know one way or the other if  
8 there is a video today on the website for "Brick  
9 House"?

10          A. When I looked a couple of days ago, there was  
11 not.

12          Q. Okay. Do you remember if there ever was a  
13 video for "Brick House"?

14          A. Yes, I do. But that was part of a promotional  
15 video that we made years ago, probably back in 2002.  
16 And it was a combination of songs. It had "September,"  
17 it had "brick House," and had a couple other songs in  
18 it. We're no longer using that --

19          Q. Do you know if Pat Gilles -- I'm sorry. You  
20 were saying?

21          A. We're no longer using that video; haven't used  
22 that for many years.

23          Q. Would you have pulled that video down, or  
24 should you have removed that video sometime in 2012?

25          A. I would not know that information. When Pat

1     was removed -- when Pat was kicked out of the band, we  
2     did our best to get all of that stuff off the website.  
3     So soon thereafter, those videos were taken down. So  
4     that would have been 2009, 2010, 2011, right around  
5     then.

6           Q.   Okay.  If -- if you were still using videos  
7     of -- with Pat Gilles's image or likeness on them, you  
8     would not have permission to do that.  You would agree  
9     with me.  Right?

10          A.   I'd have to actually see our settlement that  
11     we had with him, with David Givens (verbatim), last --  
12     the last lawsuit, because I actually recall that we  
13     were allowed to use some of what we had as just part of  
14     the band's content, like music --

15          Q.   Okay.

16          A.   -- if we wanted to or -- wait.  If there was  
17     video, if we had a time frame to get it off.  But I --  
18     I want to say that we were allowed to use some of that  
19     stuff.  So I can't -- I can't actually answer --

20          Q.   If it was not in --

21          A.   -- that question.

22          Q.   -- that settlement agreement, not saying it is  
23     or is not, but if it was not in that settlement  
24     agreement, you do not otherwise have rights to use his  
25     likeness, image or any of his work on your website,

1 correct?

2 MR. CARLIN: Objection. Calls for a legal  
3 conclusion.

4 MR. SWYERS: Q. Do you have any agreement with  
5 Mr. Gilles to continue using his likeness or image or  
6 any of his work on your website, aside possibly from  
7 this settlement agreement?

8 A. Not that I'm aware of.

9 Q. Thank you.

10 Now, I believe you already testified as to  
11 this on direct, but I just want to make sure.

12 You use background tracks or backing tracks in  
13 your live performances, correct?

14 A. Yes.

15 Q. Are you aware one way or the other whether Pat  
16 Gilles ever performed on any of those tracks?

17 A. Like I said earlier, I think he sang some  
18 background vocals on something years ago. But we no  
19 longer play any of those songs that he would have sang  
20 on. And he didn't play guitar on any of the tracks  
21 that we have. No.

22 Q. What songs are those, in particular, that you  
23 recall him possibly have -- you know, been a part of?

24 A. There was a 50 Cent song that he may have done  
25 some stuff on. And there was a Jump medley that he

1     created, so he would have been on that. And we do not  
2     play that and haven't played that for many years.

3             Those are the only ones I can recall that he  
4     would have ever sang or played on.

5             Q. So, therefore, again, the same question I've  
6     been asking so far today is: Aside from the settlement  
7     agreement, that may or may not address permission  
8     issues with background -- or, rather, backing tracks,  
9     do you have any other agreements with Mr. Gilles to  
10    allow you to continue using backing tracks that he has  
11    played on?

12            A. Not that I'm aware of.

13            Q. Okay. One moment. I'm just checking my  
14    notes. Thank you.

15            I would like to direct your attention to,  
16    actually, the documents that are in front of you right  
17    now. You testified, in essence, I think, that  
18    Mr. Gilles's and the band's relationship strained, and  
19    I think your testimony effectively was because of --  
20    well, in large part infidelity or allegations of  
21    infidelity; is that right?

22            A. That was only part of it, if you would have  
23    heard me correctly.

24            Q. It was -- and I'm not trying to limit what you  
25    had said previously; I'm just saying that was at least

1 part of it, correct?

2 A. It was a character issue, and his character  
3 was starting to damage relationships in the band and  
4 outside of the band, meaning with clients and  
5 prospective clients. And his character issues were  
6 affecting the inner band relationships as well. So  
7 regardless --

8 Q. One of the --

9 A. -- regardless --

10 Q. One of the --

11 A. -- regardless of whether he was faithful to  
12 his wife or not, his character was affecting the band.

13 Q. One of the issues that you testified to was  
14 that he, I guess, went offstage and, you know, kicked  
15 or something to that effect, a young man in a crowd.

16 Was that correct? You said something like  
17 that.

18 A. He jumped off the stage feet first because he  
19 thought this guy was accosting this woman, this young  
20 girl.

21 Q. Now, did you see what was going on with the  
22 woman prior to Mr. Gilles jumping off the stage?

23 A. Yes.

24 Q. Okay. And you would agree with me that this  
25 man was behind her and was actually accosting her. Did

1     you see her mouth the word "help" to Mr. Gilles during  
2     this performance?

3             A.   I did not see that.   And I didn't agree that  
4     he was accosting her.   You put those words in my mouth.  
5     I did not agree to that.   I did see what happened.

6             Q.   I'm sorry; you said you saw what happened?

7             A.   Yeah.   I didn't say what happened; I said I  
8     saw what happened.   You -- Mr. Gilles at one --

9             Q.   And what did you see?   You saw Mr. Gilles go  
10    off the stage and, what, kick this guy?

11            A.   Jump off the stage, feet first, into this  
12    young man.   And the young man was dancing with the  
13    girl, and it was a little aggressive, but I didn't see  
14    the girl say "help."   I didn't -- I didn't realize  
15    there was a problem.   I thought they knew each other.

16                   And what I heard was Pat or somebody in the  
17    band call for security.   Security didn't come up quick  
18    enough and -- or quick enough for Pat's tastes, so Pat  
19    jumped off the stage feet first.

20            Q.   So Pat literally called security to help out a  
21    woman --

22            A.   Again, you're putting words in my mouth.   I  
23    said --

24            Q.   They didn't react, and then he went and helped  
25    her himself?

1           A. I said somebody else in the band --

2           Q. Right?

3           A. I said somebody else in the band, or Pat -- I  
4 wasn't sure if it was Pat -- were calling for security,  
5 and security didn't come quick enough for that person.  
6 And Pat jumped off stage, feet first, and hit the guy  
7 in the chest.

8           Q. So somebody else may have actually realized,  
9 in the band, that this woman was in trouble, in  
10 addition to Pat, and Pat fortunately just took action  
11 to actually stop this woman from being assaulted.  
12 Correct?

13          MR. CARLIN: Objection. Calls for speculation.  
14 Compound. Can you rephrase.

15          MR. SWYERS: Q. So we can -- we can flip it on  
16 its head and just say -- so all you actually saw was  
17 Pat jumping off the stage.

18                 That's all your testimony is, right?

19          MR. CARLIN: Objection. Mischaracterizes his  
20 testimony.

21                 You can answer if you can.

22          THE WITNESS: That's not a -- that's part of what  
23 I said, and I never even said that. I was asked the  
24 question earlier whether I saw Pat do anything  
25 physically or negatively to the crowd. And that was

1 my -- that was a physical thing that he did. I didn't  
2 say whether it was negative or not.

3 If the girl is in trouble, I would be happy  
4 that Pat broke up this situation. But, again, I just  
5 saw the woman, or the young girl, kind of pushing the  
6 guy away, and the guy coming back, and the girl would  
7 push him away. And that was all I saw.

8 And that happens all the time. I mean, I  
9 didn't know if he knew her, if they were just playing.  
10 I couldn't tell from my perspective.

11 Q. Fair enough. Thank you.

12 Mr. Rickard, do you recognize the e-mail --  
13 I'll spell this out -- t-r-t-o-m-m-y at c-o-m-c-a-s-t  
14 dot-net; trtommy@comcast.net?

15 A. That was probably an e-mail that I had years  
16 ago.

17 Q. Okay. Do you have any recollection as to when  
18 you registered that e-mail?

19 A. No.

20 Q. How long -- do you have any recollection as to  
21 how long you used that e-mail address?

22 A. Nope. I haven't had it at least -- God,  
23 probably not for the last eight years at least, I would  
24 think.

25 Q. Okay.

1           A.   That's a guesstimate.

2           Q.   Is it likely that you had it in 2006?

3           A.   It's a possibility.

4           Q.   If I were to tell you that I have e-mails from  
5   you in 2006 from this e-mail account, you wouldn't be  
6   able to say no, that wasn't me, would you?

7           A.   No.   It probably -- in 2006 -- if Pat has  
8   printed up an e-mail from me in 2006 from that account,  
9   it probably is me.   Pat and I used to e-mail often  
10   about positives and negatives that were going on in the  
11   band.   So I would be able to say yes it is me, or no,  
12   it's not me.

13          Q.   You know, you mentioned the Red Devil Lounge.  
14   Wonderbread 5 performed shows there, correct?

15          A.   Yup.

16          Q.   And specifically in June of 2006, I would like  
17   to direct your attention to a show that was performed  
18   there.

19                Do you recall playing a show June 2006 in the  
20   Red Devil Lounge?

21          A.   I don't recall it.   Unless there are specifics  
22   that are going to draw attention to it, I don't recall  
23   offhand.

24          Q.   Now -- well, and I'll tell you some specifics.

25                Now, at this time I believe there may have

1     been an issue with batteries and a wireless microphone.

2                 Does this ring a bell?

3                 A.   Yeah.   And I picked up Pat by this throat  
4     and I --

5                 MR. CARLIN:   I'm sorry.   There is no question  
6     pending.

7                 THE WITNESS:   Okay.   Yes.

8                 MR. SWYERS:   Q.   That's okay.   Go ahead and tell  
9     me what you did to Pat.

10                A.   Pat and I got into an argument, and Pat was  
11     not performing on stage; basically, playing with his  
12     back to the audience, head down.

13                Prior to that night, there was a discussion  
14     between Pat and, I think, Jeff, where Pat was supposed  
15     to carry his own microphone --

16                Q.   If I may just say this is un- -- this is  
17     unresponsive.   I was actually trying to pick up at the  
18     point your counsel interrupted us, the point you left  
19     off, "I picked up Pat by his throat."   If you can pick  
20     up at that point.

21                Tell me about the whole "I picked Pat up by  
22     his throat" part of it.

23                A.   Pat and I got in a fight.   That was it.   And  
24     we stopped the fight.   I -- he pushed me; I pushed him.  
25     I grabbed him and pushed him against the wall.   We were

1     furious at each other.

2             Like I said earlier in my conversation with  
3     our other lawyer here, Pat and I fought like brothers  
4     at times. We got along great, but we also got furious  
5     at each other. It was -- it never got any further.

6             Pat knew I would never hurt him. I knew Pat  
7     would never hurt me. I sent an e-mail apologizing,  
8     which is what you're going to refer to, I'm sure.

9             Q. In that e-mail that you were referencing  
10    apologizing, did you take full responsibility for the  
11    fight and the assault on Mr. Gilles?

12            A. I took responsibility for my actions. And I  
13    -- absolutely, I would and I still do. And I feel bad  
14    that I even -- that it even got to that point.

15            Q. Do you remember if you knocked the wind out of  
16    Pat during that altercation?

17            A. Absolutely not.

18            Q. Do you remember how many times you slammed him  
19    against the wall that night?

20            A. I didn't slam him against the wall.

21            Q. Okay. You pushed him. You -- did you ever  
22    actually strike him with a closed fist?

23            A. Never. I would never hit Pat. I would never  
24    hit anybody in my band, and I never have.

25            Q. You grabbed him by the throat; you admitted

1     that.  Anything else?

2             A.  You're -- no.  Absolutely not.  He pushed me;  
3     I pushed him back.  They weren't aggressive pushes.  It  
4     continued to get heated.  I grabbed him by the  
5     shoulders and I grabbed him by the lower throat area  
6     (indicating).  And we were just holding each other  
7     back.  We were furious at each other.  He was holding  
8     me just as much as I was holding him.

9             MR. CARLIN:  The record should reflect that when  
10    Mr. Rickard referred to the lower throat area --

11            And, Matthew, you're not here in person to see  
12    it, but the record should reflect that he put his hand,  
13    really, on his chest and not on the throat.

14            THE WITNESS:  I would never -- yeah.  I would  
15    never -- again, I would never physically hurt Pat.  I  
16    would never pick him up by his throat, by -- underneath  
17    his chin to lift him off the ground.  That's  
18    ridiculous.

19            MR. SWYERS:  Q.  Well, at the moment that you had  
20    your hand on his throat, did you tell him, "Pat, I  
21    would never physically hurt you"?

22            A.  I don't recall.

23            Q.  Okay.  Have you ever said that to him?

24            A.  Of course I have.  Pat and I got in many  
25    arguments.  And I said -- and we've talked about this

1     stuff over and over again. And I apologized to him  
2     every time we got into something, whether it be  
3     physical, whether it be verbal.

4             There are only two occasions that we got  
5     physical with each other. And it was never -- nobody  
6     ever got hurt. And I felt awful because Pat at the  
7     time was a close friend of mine. And again, I take --

8             Q. You testified --

9             A. -- full responsibility for my actions.

10            Q. -- that you were -- I'd say you were sort of  
11     the last one that supported Pat in the band before, as  
12     you said to the effect -- you know, it was when we  
13     started talking about the final straw that you  
14     testified to a couple minutes ago.

15            Mr. Adams was the one that actually called  
16     Mr. Gilles to say he could no longer show up to shows;  
17     is that correct?

18            A. Mr. Adams is the one who called Pat and kicked  
19     him out of the band. Yes.

20            Q. And there came a time that Mr. Gilles called  
21     you, as you testified, to try to work this out.  
22     Correct?

23            A. To beg me to keep him in the band. That's  
24     what -- he said he's begging me to not do this. Those  
25     were his words.

1           Q. Did there come a time that Mr. Gilles said  
2 that he was going to show up at the next gig?

3           A. Not to me, he never said that. I never heard  
4 that.

5           Q. So he never said that he was going to show up,  
6 unload his amp, put his costume on, and you told him,  
7 "You'll never make the stage"?

8           A. No.

9           Q. And you have said that it may get ugly if  
10 that's the case?

11          A. Absolutely, I never said that.

12          Q. One moment. I may be wrapping it up here.  
13 Just give me one minute.

14                 You said something during your direct that I  
15 wanted to delve into a little bit more.

16                 When you bring in a sub to replace you in a  
17 show or a series of shows, they get a portion of  
18 your -- what you normally would be getting, but you  
19 also get a portion of that; isn't that correct?

20          A. It varies.

21          Q. And specifically you testified -- and I  
22 understand it may vary. You testified that when it  
23 varies -- when it varies and you actually get a portion  
24 of it, it's because you're entitled to that because you  
25 helped build the band or the brand; is that correct?

1           A. To a point. As somebody who's in the band,  
2 I'm keeping the band up and running, and keeping it a  
3 working, functioning business. And there are times  
4 when I don't get a portion of that as well, where I pay  
5 the person the full amount.

6           Q. And the record will forgive me, but I have to  
7 quote this. You testified that at some juncture  
8 Mr. Gilles said, "I'll kill your whore wife and your  
9 faggot children"?

10          A. "I'll kill his whore wife and his --"

11          Q. To whom --

12          A. "-- his whore wife and --"

13          Q. Did I get that correct?

14          A. No. "His whore wife and his faggot children."

15          Q. Okay. Thank you.

16                 To whom did he allegedly say this?

17          A. He was speaking about Jeffrey Fletcher.

18          Q. Speaking about, but who was present during  
19 this?

20          A. I was there.

21          Q. Okay. Anyone else?

22          A. I think -- I think John may have been there,  
23 and a buddy of ours, who I don't even know if I should  
24 name his name. I don't -- does it matter? Scott.

25          Q. What?

1           A.   There was a friend of ours probably there.  
2   Scott Emerick (phonetic) I think was probably there as  
3   well.

4           Q.   Okay.  Do you know, allegedly, when this  
5   occurred, like what year, what date?

6           A.   I don't know the date, but I would assume it  
7   was around 2004, 2005.

8           MR. SWYERS:  Can I take -- and I promise this will  
9   only be five minutes this time.  I promise I'll get  
10   into the right thing.  Can we go off the record a  
11   minute?

12          MR. CARLIN:  Okay.

13                   (Discussion off the record.)

14          MR. SWYERS:  Q.  Mr. Rickard, you did testify a  
15   little bit about something called the "white room  
16   video" on the website.

17                   Do you recall testifying to that?

18          A.   I did mention the white video, yes.

19          Q.   The white video.  Thank you.  What songs are  
20   sung on the white video?

21          A.   I can't recall, actually, right now.  I think  
22   it's "Let's Get It Started," by Black Eyed Peas.  "Pour  
23   Some Sugar."  Maybe "September."  Maybe "Get Down  
24   Tonight."

25          Q.   Do you know who performs in that video as it's

1 currently on the website now?

2 A. Who performs the tracks on those videos?

3 Q. Correct.

4 A. John, Chris, Jeff, myself. And Michael Taylor  
5 redid some of the guitar, if not all of the guitar.  
6 There was -- those were tracks that we were already  
7 playing to that had nothing to do with Patrick on  
8 those. So we just added to those.

9 Q. You said Michael redid some of the guitar?  
10 Why would he redo some of the guitar?

11 A. So we could take Patrick off of there so we  
12 could get rid of his intellectual property.

13 Q. When did that happen?

14 A. It would have happened back in 2009 or 2010,  
15 right around there when we settled with him. And we  
16 had that -- then we had to re-edit the video to take  
17 Patrick out of it, which we did, and we spent \$1,000  
18 doing.

19 Q. So -- and again, and that assumes that there  
20 is some sort of settlement. Your lawyers will put that  
21 in if there is one, but -- you know, to the extent you  
22 had rights to these.

23 And so your testimony is Mr. Gilles would have  
24 been out of this, you know, white video, and his work,  
25 no later than 2009 or 2010?

1           A. Whenever this -- whenever we settled with  
2 Patrick, there was a window of time that we had to get  
3 the video edited and get him removed from everything  
4 regarding Wonderbread 5. And I don't know the exact  
5 time frame of that. I want to say it's 2010. I don't  
6 know the exact date.

7           Q. You keep referencing this settlement  
8 agreement. Have you ever seen in writing a settlement  
9 agreement where you had a window of time to remove all  
10 his intellectual property?

11          A. There was a settlement -- when did we settle?  
12 There was a -- you mentioned the settlement, actually,  
13 earlier when you said there was some money exchanged as  
14 a settlement. And there was a settlement --

15          Q. But I never mentioned an agreement regarding  
16 licensing of intellectual property rights, and you sort  
17 of referenced that.

18                 Where is that?

19          A. Licensing of -- when did I say anything about  
20 licensing of intellectual properties?

21          Q. You said "We had a certain time to phase out  
22 the use of his likeness" and such, and what I'm asking  
23 you is: Where did you get that concept from?

24          A. There was discussions with his lawyer at the  
25 time. And those were the agreements. That was

1 verbalized.

2 Q. So there is nothing in writing that says this,  
3 we can agree to that?

4 A. I just said it was verbalized with his lawyer  
5 at the time.

6 Q. I would like to reference you now over to the  
7 actual original petition to cancel. That was actually  
8 the document that initiated this proceeding that we're  
9 now in. And specifically Paragraph 1, I want to read  
10 it to you.

11 And if your counsel has it available, then I  
12 would be glad to wait for him to get it in front of  
13 you. Would you like me to wait?

14 A. No. I have it.

15 Q. Fantastic. It's Paragraph 1 on Page 2:  
16 "Petitioner is a decade-plus-old musical group named  
17 Wonderbread 5 based in the San Francisco Bay Area."

18 Well, I apologize. It's actually in front of  
19 him.

20 Would you kindly read, Mr. Rickard,  
21 Paragraph 1 for us?

22 A. "Petitioner is a decade-old -- or "a  
23 decade-plus-old musical group named Wonderbread 5 based  
24 in the San Francisco Bay Area and comprised of the  
25 following members: Jeffrey Fletcher, John McDill,

1 Thomas Rickard, Christopher Adams, and Michael Taylor,  
2 individually and collectively, 'the band.' Since its  
3 inception the band has operated as a general  
4 partnership."

5 Q. All right. The band, as it is referenced in  
6 this notice of opposition, as you see No. 1, includes  
7 Michael Taylor. Correct?

8 A. Correct.

9 Q. For the record, when did Michael Taylor join  
10 the band?

11 A. July of 2009.

12 MR. SWYERS: At this point I have no further  
13 questions.

14 MR. CARLIN: All right. I have just a few  
15 follow-ups.

16 FURTHER EXAMINATION BY MR. CARLIN

17 MR. CARLIN: Q. Just on this incident, the  
18 physical alteration -- altercation you had with Pat at  
19 the Red Devil Lounge, how did that arise?

20 A. We had -- I think we had recently started  
21 using our own wireless microphones. Everybody's kind  
22 of responsible for their own things, and to have  
23 batteries for that stuff.

24 And I think, if I remember correctly, that Pat  
25 didn't want to carry his -- or we had a spare

1 microphone. That's what it was. Pat didn't want to  
2 carry it, so he left it or didn't -- wanted someone  
3 else to be responsible for it.

4           And he and Jeff kind of went back and forth.  
5 And I tried to just say, it's not -- I mean, it was  
6 just a ridiculous argument. And it just set Pat off  
7 into this spiral of nonperformance on stage where he  
8 wasn't doing anything, standing there with his back to  
9 the crowd, like, looking down at the ground, leaning  
10 against the wall, not interacting, not performing, not  
11 doing his job.

12           I mean, we're a band. We're entertainers.  
13 We're supposed to be doing that. We're supposed to be  
14 putting on a show.

15           So we -- I said something to him, and he  
16 basically dismissed me. And then I said something  
17 again, probably more aggressively. I don't remember  
18 the exact details. He kind of brushed me off, pushed  
19 me away; I pushed him back.

20           And I wanted to get my point across, so I held  
21 in him place by -- by holding him by his -- it was  
22 literally, like, his collarbone area. The reason I  
23 mention that is because I knew Pat would say that,  
24 because he said that originally back when it happened.

25           So I held him in place --

1           MR. SWYERS: I object on what my client would say.  
2       We're just talking about what you know.

3           THE WITNESS: It's in that e-mail. If you read --

4           MR. CARLIN: Objection. Argumentative,  
5       Mr. Swyers. I'm the one asking the questions now  
6       anyway. It's not up to you.

7           THE WITNESS: So I was holding him in place.  
8       Literally, I wanted to get my point across, so I was  
9       just holding him in place. I wasn't squeezing. I  
10      wasn't punching him. I didn't push him against the  
11      wall, knock the wind out of him.

12                   And I hold myself fully accountable for my  
13      part in that action. So that is the extent of that  
14      argument.

15                   And the details of why that happened sound  
16      very small, but it had been a buildup of so much  
17      negativity and refusal to perform, refusal to practice,  
18      refusal to participate as a band member, as a partner  
19      in this band or any sort of -- or friend in this band,  
20      even as a working member of the band, that we were  
21      literally paralyzed by his -- his ineffectiveness because  
22      of his refusal to just be a member, to be even there  
23      physically. I mean, physically he was there, but  
24      emotionally or mentally.

25           MR. CARLIN: Q. Can you talk about how Pat's

1 refusal to practice affected the band's ability to get  
2 gigs and make money?

3 A. Well, we stopped -- we stopped learning new  
4 songs. We stopped getting -- I mean, one of the things  
5 about the band is that we put on a show. We wear --  
6 kind of like a Vegas act, like I said earlier, where we  
7 put on those costumes and wear -- and we want to be  
8 something new every time we play.

9 So we would have something new on every time  
10 we played at the same city. If we played Sacramento at  
11 Harlow's, next time we played there, we made sure we  
12 had a new outfit.

13 Pat wasn't into that at all. He just wanted  
14 to wear the same thing over and over again. And it  
15 started to get old. And we would play the same songs  
16 because he would -- he would -- he didn't want to  
17 practice with us. He didn't want to show up. He  
18 didn't want to get in the room with us. And when he  
19 did, there was no interaction, there was no creativity  
20 flowing back and forth.

21 It was just, "I'm here. Isn't it enough that  
22 I'm here?"

23 "No. We need to communicate, so we need to  
24 come up with new ideas and be progressive as a band,  
25 and productive."

1           And we weren't. So we started -- we became  
2 less and less busy. If we look at our calendar back  
3 then, we probably went -- there was a percentage in gig  
4 drop at that time over that last couple years of the  
5 band. And . . .

6           Q. What happened after Pat left and you got a --  
7 and Mr. Taylor came into the band?

8           A. It took about a year, and people -- actually  
9 that year we started doing -- within the first six  
10 months, people started saying how great the band  
11 sounded, how great it was to see us and how they're so  
12 excited about the new songs, so excited about the new  
13 energy back on stage.

14           And they --they had no idea there was anything  
15 different. Some people did, because they knew the  
16 band. They would come up and go, "Oh, you got a new  
17 guitar player. He sounds great," blah, blah, blah,  
18 whatever.

19           We didn't publicly say anything about it. We  
20 just did what we do. And we started getting more gigs  
21 again because the band was reinvigorated. We were  
22 excited. We were -- the crowd was excited. The  
23 clients were excited. New costumes, new songs, new  
24 energy.

25           And we went from probably having 100 gigs a

1 year to having 140 or 150. And we're busier than ever  
2 now, which is great; knock on wood.

3 And we were enable to -- unable to do any of  
4 that with Patrick in the band because he just refused  
5 to participate.

6 MR. CARLIN: Okay. That's all I have at this  
7 point. Mr. Swyers?

8 MR. SWYERS: I do not have anything further. I  
9 think we're done.

10 MR. CARLIN: All right. Thank you. That will  
11 conclude this deposition.

12 (Whereupon, the deposition concluded  
13 at 12:45 o'clock p.m.)

# Wonderbread

## bio

For over a decade, The Wonderbread 5 have been thrilling audiences and exceeding client's expectations. Michael, Jackie, Jermaine, Marlon and Action Jackson round out this unstoppable, international rock and roll party machine. Unlike those "other party bands" that seem to plug in a new member every month or so and play the same tired songs from the 1980s, the Wonderbread 5 covers everything from Motown to Bean-town and back again. As a matter of fact, they'll even customize their set to include a few of your personal favorites at your request.

Oh yeah, and another thing. Unlike your run-of-the-mill disco party bands, the Wonderbread 5 actually encourages their audience to join them on stage to sing, dance or whatever comes natural. And they've got the pictures to prove it!

The Wonderbread 5 is a full service party posse that includes a variety of sound systems for small corporate functions and weddings to concert hall, heart-thumping wall of sound monster power amps. Additionally, they travel

with a full compliment of state of the art lighting, an experienced management staff and the best stage show since Uncle Milt left Vaudeville for TV.

Based in the San Francisco Bay Area, these globe trotting rockers have performed their amazing stage show in over a dozen states (several times each) and have traveled as far as Puerto Rico, Hawaii and Mexico, bringing an unparalleled excitement to the young and not so young alike.

Please take a moment to view their comprehensive web site, ([www.wonderbread5.com](http://www.wonderbread5.com)) where you'll find a complete list of clients, testimonials, videos, photos, biographies, song list, contact information and much, much more. Don't be the Party Planner in the back of the room over-hearing party-goers saying, "Uggh, they should've gotten the Wonderbread 5"."

#### WHAT DOES IT COST TO HIRE WONDER BREAD 5?

Pricing depends on a number of variables including the date, location and the nature of the event. For an accurate price, please call our management and they will be happy to give you a lighting fast quote via e-mail or over the phone. We do make all efforts to be reasonably priced, and the band continues to be priced competitively. Deposits are required to secure the agreement. For fundraisers and non-profits, we can discuss reducing our rate to help you reach your financial goals in some situations.

#### WHAT DO I GET WHEN I HIRE THE BAND?

Well, first and foremost, you get the full Wonder Bread 5 show with all the bells and whistles. The live band, as you see it on this site, comes with our own professional top notch sound system. Of course we provide all the necessary crew to run our production, as well as fabulous stage lighting to transform the room into a showcase for dancing and music. We are pleased to offer the service of playing music via iPods / CDs before and in between our sets as well. This is our way of insuring that there is music playing during the duration of your event, as long as needed. This is a perfect opportunity to hear some of the music Wonder Bread 5 does not perform (from swing to cocktail jazz to Motown to pop).

#### WHAT WILL THE BAND WEAR?

Take a look at the pictures on the site for a clear idea of the band's image. If you have a specific request, let us know. For more upscale events, that band can perform in suits and attire that is appropriate. Either way, count on the band always looking great -- as that is indeed part of their show.

#### WHAT DO I NEED TO PROVIDE FOR THE BAND TO PERFORM?

We simply need a small space (preferably a stage) for us to perform on, with access to adequate power. The only other thing we need from you is an enthusiastic audience who is ready to dance the night away! We are an inclusive live music package, without any additional costs.

#### HOW FAR AHEAD IS WONDER BREAD 5 BOOKED?

As the band is in demand, Wonder Bread 5 performs almost every weekend night and many week days as well. We do have dates booked as far as one year in advance, however we do have various dates available in the much closer future. Please contact [jay@jaysieganpresents.com](mailto:jay@jaysieganpresents.com) for available dates.

#### DOES WONDER BREAD 5 PLAY SPECIAL REQUESTS?

The group is happy to accommodate any of your musical requests. Please look over our song list, and we'd love to hear about your favorite songs from the list. If we play any songs that you don't care for, we'd like to know that as well. We can also learn songs that are not on our list, but this must be discussed with management well in advance of the performance.

To book The Wonder Bread 5 please contact: Jay Siegan Presents 415-447-4730 or email [booking@wonderbread5.com](mailto:booking@wonderbread5.com)  
We look forward to working with you!

Thanks everyone for another sold out show at the Mystic Theater. I know a lot of you didn't get tickets but be sure to get them in advance next time.

Video:

Sounds like everyone really enjoyed the Blue Man tribute from the email and fb messages. We saw lots of people videoing the performance. We've received about 5 clips so far. If you have footage, please put it on youtube at the highest quality and send the link to wonderbread5army@gmail.com so we can edit it and post the video project for the world to see. Thank you everyone who was there!

For those of my NAPA friends who are planning on going to the Vintage Crab Feed/WB5 event next weekend Jan. 19. They are expecting it to sell out tomorrow. Since tickets are at different locations, you may want to call first to see who has them. Tickets are \$65 per person (must be 21 to attend) and are available at The Bank of Napa, Napa Community Bank, Robobank, and Umpqua Bank. For more information and tickets, contact Debbie Schlienger at (707) 480-7221 or email [debbie@schlienger.com](mailto:debbie@schlienger.com)

If you can't get tickets, be sure to hit up the near and dear to my heart, West Park fundraiser WB5 is playing in Napa on April 6th.

Tonight you're going to find out how much free costs!

Attn: With the amount of people who have RSVP'd to Crawdad's in Sacramento tonight, you best get down there early before they cut that big line off to get in.

Sold out free shows really confuse my brain!

Played a wedding last night, The bride really wanted us for her wedding but was told by her father that we weren't available. With that said, the father of the bride had us as a surprise for the father daughter dance. We were behind a curtain, no one in the wedding party or the guests knew we were there. He originally told her that their song was one he would pick and that she didn't get to know what it was until they started the dance. They got up to do their dance and the curtains came open, we broke into there song and you should have seen her face, priceless!

What a cool father! With that said, Happy Father's Day to all the Dad's out there!

Thanks to the 10,000 plus who came out to Red White and Boom on the 4th. of July. We really appreciate the great feedback we've been receiving. What a crazy show! And once again, thanks for helping the 20-30 club raise lots and lots of money for Santa Rosa's kids charities!

At a private party in North Carolina. The production company has the drummer Danny Thompson and I are on a platform up in the rafters 300 ft high. They lower us as the song starts and the rest of the band comes out from behind the curtains. Here's the rub, we don't go on for an hour and a half and we've been up here for a half an hour already :(

The response and attendance today for Calli's Fundraiser was overwhelming in a good way. We'd like to thank all of the many sponsors, Sally Tomato's, It's Nice To Be Nice Club, the Fabulous Women of Petaluma and you for supporting the Murray Family and for raising awareness about texting and driving. Please stay off of your phones while driving. Distracted driving kills.

Current mood:  crazy

Just a quick note. To all you who've just realized WB5 is on my space, I gotta tell you we've been here for a long time but I never got around to getting into it or adding friends till just the other day. It's good to see so many old faces here and to all of you who haven't been to a show in awhile, we miss you!

Case # 7330

On May 18, 2006, the individuals whose signatures appear below met and reached the following agreement:

- ① We will identify and pinpoint issues as they come up; To articulate those issues to each other and respond respectfully to the issues raised regardless whether you agree with the issue or not, as a way toward reaching an understanding.
- ② We will address any issue raised within a week.
- ③ We will respond to all email correspondence within a timely fashion.
- ④ Jay can know the content of this agreement.
- ⑤ We will define the roles of each team member.
- ⑥ We will meet in a regular manner and be prepared.

We have made and signed this agreement because we believe it will help resolve the issues between us. We understand this is not a legally binding agreement.
